

Anlin SunShield

For maximum protection against the sun's harmful glare, UV rays and exposure.

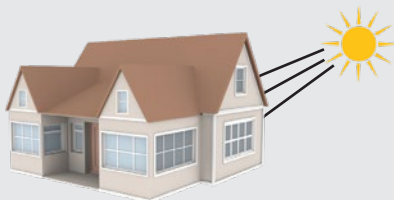

BEAT THE HEAT

Stay Cool, Safe and Save Money

Anlin SunShield

- ▶ Anlin's ultimate window technology for hot or desert climates.
- ▶ Blue/Gray tinted triple silver coating is engineered to reflect the sun where it beats the hottest.
- ▶ Protection against the sun's harmful glare and blocks 98% of UV rays.
- ▶ Dramatically reduces solar heat gain and lowers cooling costs (SHGC as low as 0.12).

Anlin SunShield on east and/or west facing windows. (recommended)

OR

Anlin SunShield on all windows.

Exceeds ENERGY STAR® Requirements on SHGC by over 44%

Window Glazing System	SHGC*
Anlin SunShield with Argon Gas	0.12 - 0.16
Typical Dual-Pane Low-E	0.25 - 0.30
ENERGY STAR®	0.25 - 0.42

* Solar Heat Gain Coefficient (SHGC) measures how well a window blocks heat from the sun. The lower the number, the greater the job the window does of reflecting solar heat gain.
