Dear Jack:

Well here I am again I haven't written to you since Sat. How time does fly. It sure is winter time here now. Not so awfully cold but there's quite a bit of snow and it's still icy under the snow. Last Sunday was surely an awful day it half rained and half snowed all day. I worked on inventory & Helen Kovacs' drove to work. Well, did we ever have a time getting home. She hasn't a heater in her car so consequently the windshield would

freeze. I'd bet we stopped
about 10 times to clean it
off before we got home.

We were going to go over
to Joe's to see their tree hun-
dle. Craven was supposed
to come along too, but he
called up & said he couldn't
make it, driving was too
bad out. So mom, Jose, I &
Billy drove out with Em
& Marie. And was I glad
we didn't go too early, it
was about 8:20 when we
left the house. Arnold
surprised me & called me
from Camp Chaffee about
a quarter to 8, so I surely
was glad I was there to
get his call. He tried to
call me Xmas Day &

17

the call didn't get thru, I guess they were terribly rushed. I waited for that call until 12:30 xmas eve. I sure was disappointed and so was Arnold. I told him you were going into the motorcycle corp. and he said "thats all right thats a good job."

How long did you have to wait xmas day to get your call thru jack? just wondering. Yes! Jack mom got the money for the last phone bill.

and she said I should tell you that if you send her anymore money she is going to save it for you for your furlough. I hope you get one soon...

Billy has your picture in his billfold and he's so proud of it. He's always saying,

"Did you see this picture of
uncle Jack?" And by the way
do you know we have company
from Canada. Marion Podd
& her little girl came up for
a visit. She lives in Hamilton
Ontario Canada and that's isn't
very far from Buffalo N.Y.

Her little girl is real cute and
not a bit shy. Charlie & I
drove down to the terminal
to get her last nite. She called
up about 6 o'clock but it was
after 7 before he got down
there. I don't know how
long she's going to stay about
a wk or so I imagine.

She's good company. We've still
got our tree up. we really
kept it up because Marion was
coming & it isn't falling
one bit. Those sure are
the only kind of trees to

III

get for Xmas as they sure
do hold up.

You know its been so
icy out this week and we
warned mom not to go out
or go to church. But you know
how she is-- So the other
day she went to the store
and she went thru our
wespersens yard and she
slipped & fell & she hurt
her shoulder. She cant raise
her arm up high. She was
lucky she didnt break her
arm. You see, there was
~~a~~ snow over the ice and
mom was thinking about
something & not being careful
about her steps and down
she went. Mom & Marion
went out to see Lucy & Barb

& Jean this afternoon. I
asked Marion to go to supper
& a show with Mullie Mooney
Vernelle & myself tonight.

We're going to see Joan Crawford
in her new picture. Do you
see a lot of shows Jack?

You used to like them so
well that I was just

wondering. Well! Jack I guess
I'll close for now. Marion
said Hello to you.

Ma hasn't been to see
Aunt Catherine or Aunt Theresa
in over a wk now as she
had such a cold. and
now her arm is sore, it's
always something. So I'll say
Good-Bye for now. Take care
of yourself. Ma sends her love
and she said you should pray
and don't forget to go to Confession
& Communion. Love your Sis Ann.
