Nov. 29, 1942.

Dear Jack:

I'm not much of a writer
but it sure is nice to
receive letters. We all got a
big kick out of your letter
especially the one about
washing all those windows.
I still don't know how to wash
them. Al always does them
for me, so maybe some day
you will be doing them for
your honey also.

I'm kind of tired we were
out rather late last night 3:00
a.m. and that is way passed
my bed time. Katherine Budd
came for a visit just here
and the kids. Larry was too
busy & couldn't get away. It
sure was nice to see her again

II

Ann + Katherine came over about 9:30 and we were visiting with Jean + Joe until 11:00 and then we went to the Jam Bar where M. and Marie were waiting for us. They came there after the show. He had a very nice time, but I sure missed your dancing + singing. He will sure paint the town red when this darn war is all over. I do hope it will be soon. I sure enjoyed going out with you. So bad we didn't get together often. Oh! by the way one of your old girl friends was asking about you. You know Mary, Angela Dixon's niece. Angela ask me if you,

III

were gone yet and when I told
her you had been gone two weeks
already she asked me just
where you were at, and said
Mary asked her to be sure to
find out your address. So you
might be getting a letter one of
these days. I guess you must
kind of rate with her. Well at
least she is Catholic and that
is a lot these days. I hope you
will always remember that
and act like one, even with the
fellows you know we aren't
very important to anyone in
this world it can always get
along with us, but we sure
are important to God, why He
even came down from heaven
to prove it to us. I guess that's
why there is a war people
never really appreciated enough

II

all the God gave up to prove to
us how important we all are.
So if you can help some of the
other fellow you know to know
God better to love & serve Him.
you really would have accomplished
something far greater than words
can say! I hope you will
always remember that we are
only here a short time even
during peace. I hope & pray it will
all be over soon so we will
all be together again.

Al is lying on the davenport
and he said to say hello! for him.
We all went over to the hosts to say
good-bye to Kate and stayed until 7:00
playing cards. Well I guess I will
close for this time. I hope you
are feeling fine. So until the next
time - So Long, Love, Lucy
