Dear Jack:

How's tricks? I've been meaning to write to you for a long time but Joe always beats me to it so I am all alone tonight and I decided to send you another fan letter. I bet you think we are a fine bunch of relations, passing up sending you something for Xmas, but we were looking for a Kodak for you and we didn't find a thing except a candid camera or a moving picture camera and the one was too small and the other too expensive. Joe intended calling a friend in the fire department

about one but when he was sick
everything was left to me and I
didn't get half the thing done I
should have. He was home from
work until the week before Xmas
and then when he did get out
he couldn't do much. He still
gets all tired out. Now he has a
cold and can't get rid of it.
So that is why we didn't send
you something.

Marian and Bobby both
had a birthday the past week.
Marian is now 3 and Bob is 4
They kids all have had colds
and now I'm getting one.
I blame it on the weather
boy, its cold here tonite, in fact
it has been since last week.
I haven't seen as much snow

-3-
and cold since I was a kid.

My brother Chuck was asking for you, and by the way I owe you (1.) one buck. He is still home. When do you think you'll get a furlough? (They) The kids and all of us are anxious to see you. You've pictures were. They and thanks for them.

Is driving in army truck any different than any other? Or did you like the motorcycle better? What do they feed you that is putting weight on you. that fast, maybe I could put some weight on your brother. He sure needs it.

Will Jack take good care of yourself. and we'll write again soon. I'll send you let after payday and

if there is anything else you'd
like, just say so and we'll
try to fulfill your request
as always

Jean

P.S. Excuse this writing and all
the mistakes in it I'll do better
next time.
