Dear Jack:

Just sitting here shooting the
bull so I thought I'd drop you a
line to let you know that we
are all feeling pretty good. Jean
was glad to get your letter and
says for me to say hello to you
for her. There really isn't any-
thing to write about only that
we are getting along -

Saturday I went down
to Ma's to help Chuck try and
start the old Chevy. I pushed
him and finally it started
but the carburetor was all
gummed up so that it had to
be choked all the time. We

monkey with it til 5⁰⁰
o'clock, then I had to go home
because Jean had promised
to take the kids to the 5410¢
store to buy themselves some
presents with the birthday
money they got from their
aunt. We also went to
Confession and then went
home and listened to the
radio. I went down again
yesterday (Wed.) and took
the carburetor off & gave
it a good cleaning, but
didn't have time to start
it. So maybe when Chuck
comes in this week we'll
be able to do something

with it. Yet you want
transportation when he
comes to town to work.
I told him to fix your car
and run it, because
it's better to run it than
leave it stand. Of course
he said 'no', so I don't know
what you want to do with
it. There doesn't seem to
be any market for the
older model cars, so I suppose
it won't hurt leaving it on
jacks, til you decide.

Down home there is nothing
new only the same grind.
Ma is feeling pretty good

only I told her when she
wants to go to the chiropractor
to get her shoulder fixed up
she should let me know.
I thought to tell you about her
slipping and hurting her shoulder
about 3 weeks ago. I know it
still bothers her. So I think
she should go & have the kink
taken out.

I was glad to hear that you
are coming along so good.
Jean's brother says thanks
for the card. He's working pretty
hard at the Crankshaft Co. We
were at that fire where the kid
burned up that you read
about in the paper. So we had
quite a bit of excitement at
that fire finding this guy & all.

5) (I had to get another sheet of paper
to finish up on. I'm using the
City's now.) Anyhow Sunday
was a busy day. We had
3 fires, 1 refrigerator, & 1 heart
attack. They were scattered
thru the nite so we couldn't
get any sleep. Anyway, I
was off 3 days, so that was some
compensation. Well that's enough
shop talk!

Well, Jack, I hope this letter
finds you in the best of health
and lots of good wishes &
good luck from all of us
back here to you out there.
Keep your eyes open on your
watch & keep plugging away.
We'll see you as soon as
you get that furlough.

11⁰⁰ P.M.

I was interrupted, so I had
to turn the page. The weather
up here is still winter. We're
planning for spring, which has
to come soon. So long
Jack, I'll write later. We're
going out again.

your brother

Joe.
