Dear Jack -

Well how are things going with you? Still feeling good? We are all fine. Mom is feeling O.K. now too. It would be nice if you could get a fun laugh Jack. Then we could see how a real guy looks in a uniform! Incidentally Jack everyone thinks you look like "Jimmy Stewart" on that picture you sent us. "Aint" that something???

The weather here is very cold. It snowed quite a bit yesterday. Marion is still here but I think she is going back tomorrow or Friday. She and Gail sleep in your room Jack. Honestly there really isn't much to write about. Craven went back to Buffalo Monday & so he's been catching up on my sleep. Last nite Ann & Marie had Club meeting at our house. Aunt

Josephine came over too, to visit with mom. And Saturday nite Chuck & I stayed home & played cards with Marie & Em, Ann & Marion & Mom & Billy. We had a real nice time. Mom made some homemade sausage & biscuits which we served for a lunch & it was swell. Em & Craven were crazy about the sausage. After after we ate we went to the Jam Bar for a few drinks; got to bed about 3 o'clock.

We had sausage for dinner Sunday too Jack. Its almost impossible to buy any kind of meat. All they have is cold cuts. Also we cant get any butter. Its funny to see the meat counters empty wherever you go. I guess will have to turn to horsemeat before long. Well Jack I'll have to say so long for now as I cant
