Wear Denise -

Sending you a couple pictures

you might like to see - A very short time
after arriving at St. Ann's Hall Friday - I was
standing by Mary's table - being proud of how
my daughter, Denise Reid, had displayed the
pictures + labeled on the tri fold - others gathered
around and I was explaining who was in the
1st Communion picture with me in 1928. When
I said Helen being two girls said there she is
she was standing next to me - I would have
never guessed to who she was. So we decided
to have our picture taken as the girls said there ^{was} ~~was~~
two candles on a table down the line exactly like those
on the picture - I now wish I would have learned
whose candles they were - Also wished I had
my shirt + name tag on - which I did shortly after -

I had a lot to learn and
could use a day now to put the
pieces together - I really only knew John Jr., Anton
Liesg + Mike Liesg family - after 60-75 years sure
hard to remember - knew Henry "Hank" to us, very
well he used to visit us at our home in Minnesota
I knew his second wife Lucille - (also his 1st Rose)
Lucille born Schmons. Back in 1949 she was a
nurse in the Osceola Hospital, Wis - just across the
River from us and helped deliver my oldest son.
Don't remember what she looked like but it would
have been interesting to see her again - met their
daughters + said she wasn't up to coming - I
am scribbling in haste as usual - Have so many
things to discuss now - Thanks so much for
all your hard work - I am sure it was
appreciated by all - Sincerely, Rosella Minnichoff
