

*Dear Roberta & Joe,*

*I am sorry it took me a while before sending the paper and the pictures through regular mail but as you know life is busy evrytime especially in the fall season.*

*Back here in Romania we are all fine and I hope same with you in USA.*

*In the last trips I took to Peregu I really enjoyed to see that monument done and to discover how deep the meaning of this "message" is for the village and for the people that will see it.*

*I have talked with Hermine on the phone about the poet you ask but she doesn't know anything about it so I can't help you that much with this so far. But she promised she will look over it when time .*

*The paper of ownership for the monument and the land under it I guess will increase your soul contact with the Peregu Mare as long a part of your work and of your soul is there.*

*There are no much else news tho.*

*I really enjoyed a very proffessional site you sent me about the LEISZ familly and I was impressed about all the contacts and largeness of the familly.*

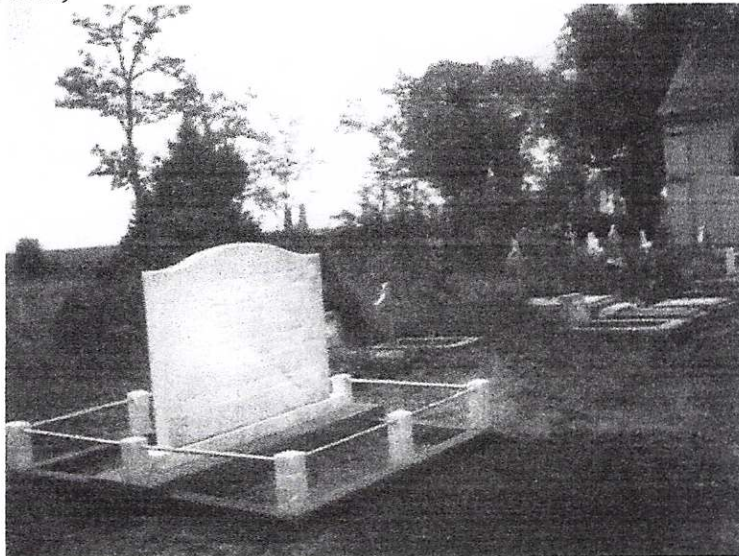

*The expenses for the last trip I took to Peregu and for the pictures are arround 200\$. You can send them in the same account you did before:*

*251101 213031005294013009 - Bank Post S.A.Romania*

*This is basiclly all for now from Romania. If there are anyother questions I miht help please ask. I will also enjoy to see you again if you are coming back to Romania next year. But we will keep the contact for sure till then.*

*Hoping you are pleased by my services and that this letter will find all of you well,*

*Sincerely with love,*

*Gigi*
