

~~St~~ St Paul.

Nov-21-

Dear Mother & Dad:

Will write
you a few lines to let
you know that Jewell
is not getting along so
well the last few days.
she can not keep any
food on her stomach.
she throws it right up.
her face is swollen
now. and she seems to
be getting weaker.
mark said the other
day. he will call the
Doctor. if she keeps
feeling like that. she

has a sore throat now
to. it seems like she
is not getting any better.
so I think you and
mother better come up
Sunday night with Hank
and stay the ~~the~~ week.
for over Thanksgiving. as
I don't think Jewell will
be home.

I saw George and Albert
outside last night. and
they said she had an
awful spell the other
night. they said she
is always talking of
going home. so I think
you both should come

up and see her. while
she is still at home.
it will make her feel
some better.

I'm afraid we all have
to expect the worse now.
I'm going up this after
noon.

so will close now.

Hank said they might have
to work Saturday, but
will be home Sat. night.

Hope you are all well.

Love,
Sophia
