Millie I am eating that  
fudge we made while you were  
here it sure good, want some.

I St Paul Minn  
Aug. 7/1922

Dear Sis + all:

Well will sit down and  
write a letter tonight and  
let you know I've got back  
fine. And Millie you can  
be glad you was here last  
wk. Cause this wk I wouldn't  
have much time to visit with  
you. Skipper was brought  
home this morning with  
a skin infection & disease  
very catching and takes 10  
days for it to go away Mrs  
did it here too so you see  
my fun over I sure had  
to work hard today / extra  
for supper. But guess they

are going out there  
again as soon as it clear  
up. I guess you took all  
your things cause I don't  
see any here. How does  
it seem to be home great  
I bet, I sure was lonesome  
for you Millie this morning  
kind a glad they come  
home in one way. Gee  
that was sure a good  
dinner Mother had yosh  
every thing was so good  
How did they like that  
Mother. I guess she kind  
a bashful she don't say  
much. She said we  
sure had a nice place  
also said the folks were  
so nice to her so I guess  
she liked em white.  
How toots and those

Finger nails. Is Betty  
still there. I suppose Helen  
is having a good time  
at the Lake. Wat was  
over here today for awhile  
We got back at 10-30 I  
sure was tired. Well I  
didn't give you that dime  
after all did I well I'll  
remember and give it to you  
some time. Did it rain  
up there, I think didn't up here  
What are you doing help  
mother like a good girl  
visit you. Wellie did you  
have a good time up here  
You didn't say if you did  
or not but I guess you  
did. Will see you all the  
last of Aug. Write to me  
sometimes Wellie Say hello  
to mother & all

Mother sure liked  
those flowers. They are  
nice will bye bye and  
be good

Hells from  
mark.

Ludjwell

Write to me }

I

Be sure + write  
these places you saw on  
your list

Ford plant

Ford Bridge

Montana Bridge - 17 mile long

Fort Sulling

Mississippi River.
