Dear Folks!

Words can't be found to
express our Sympathy in
the sadness that has struck
your family, how little we
know from morning to nite
what we may face, Marilyn
was such a sweet active

Boy after we heard about
the accident we at nite laid
and talked about how lively
he was running around his
Aunt Louise's place, yes too
many lives are snuffed out
on the Highways, most from
careless driving, just don't see
how anyone can live with a
peaceful mind after killing

someone, and here its nearly
a everyday occurrence, but
when there are two Million
people one has to almost expect
tragic, my heart bleeds for the
loved ones, no matter whom
or where, - natural death is
hard, but when ones loved
ones life is wiped out like
striking a Match, it must
be a awful shock.

God help you carry your
sorrow.

Sincerely as ever.

Andrea & Mathilda Fanning.

"Hello" to those in the family
I know.
