NJSFWC GARDEN DISTRICT - WOMAN'S CLUB OF MEDFORD, NJ

Presidents' Message

As we move more toward the beautiful warm weather and hopefully toward being able to meet together again in person, I take this opportunity to again thank each and every one for you for your

continuing efforts to

Make the Community a Better Place to Live.

We, as a club, rely on all of you for our success. And we will continue to do so. This year and these times have been difficult but I continue to see bright spots. We just need to persevere for a little bit longer.

I invite all of you to take a stroll down Main Street in the next few weeks to enjoy our wonderful flower baskets and see, in person, the hard work put in by Shawn. I also invite you to participate in our Dine and Donate at Ginger on April 15 (tell your friends and neighbors!) and I thank Vicki and Sharon for coordinating this effort. We will get through this ~ together.

April Program

The April 2021 General Meeting will take place virtually. The Township of Medford (including the Pinelands Library Branch) will be moving to their new home shortly. Join us for an update from Branch Manager Danielle Haubrich. If you would like to join us please email your request to MedfordWomansClub@gmail.com

Thanks to:

Vicki & Sharon for coordinating our
Ginger Dine & Donate.
And Cathy for another wonderful
promotion flyer.

Vicki for coordinating the water donation to the
Seneca Food Pantry.

Nora for coordinating the towel donation to the
BurlCo Animal Shelter.

Karen M. for once again coordinating our
Alice Mietz Scholarship.

Shawn for coordinating our ongoing
Flower Baskets on Main.

Thanks from:

Sandy Langan from the Seneca Food Pantry
for '...the cases of water and case of
chocolate milk. Our students will
certainly enjoy it!
Thank you for thinking of us.'

The Immortal Life of
Henrietta Lacks
by Rebecca Skloot

April 14
4:00 PM ~ Online

Her name was Henrietta Lacks, but scientists
know her as HeLa. She was a poor Southern
tobacco farmer who worked the same land as
her slave ancestors, yet her cells—taken
without her knowledge—became one of the
most important tools in medicine: The first
"immortal" human cells grown in culture, which
are still alive today, though she has been dead
for more than sixty years. HeLa cells were vital
for developing the polio vaccine; uncovered
secrets of cancer, viruses, and the atom bomb's
effects; helped lead to important advances like
in vitro fertilization, cloning, and gene mapping;
and have been bought and sold by the billions.

Things to Consider

Dine & Donate at Ginger ~ Spread the Word!
April 15 ~ Noon to 8:00 PM

The Medford Memorial Community Center, which
our club has called home for many years, experienced
financial hardship when they had to recently replace
the entire heating system due to an emergency situation.

Please consider
donating to their
