

Welcome to the Graphite Workshop for Beginners!

I am thrilled to be introducing a new line of “**Draw With Me**” pre-recorded videos that are **FUN, CHALLENGING** and **GUARANTEED** to improve your drawing skills, all while building creative **CONFIDENCE**.

Here's how it works:

Once you receive the Graphite Workshop (via email) you print off the attached templates (sphere, cone, cylinder etc.), click the appropriate video link and start drawing with a pro!

Videos:

Intro / Tip, Tool & Technique Video: <https://vimeo.com/278537091>

Password: intro

Sphere Video: <https://vimeo.com/278586287>

Password: sphere

Cone Video: <https://vimeo.com/278564872>

Password: cone

Cylinder Video: <https://vimeo.com/278573951>

Password: cylinder

Rectangle Video: <https://vimeo.com/278582187>

Password: rectangle

Final Drawing Video: <https://vimeo.com/278592536>

Password: final

***Each video is password protected. You need to enter the password before viewing the video.**

It is recommended that you view the **Tip, Tool & Technique** video before moving into the workshop. Practicing the techniques outlined in this video will help make it a more successful experience for you!

Templates:

A template (outline) of each shape is attached to the email. You can print it off and start drawing directly on the print out, or you can transfer the template to better quality paper, by tracing it (using a window or lightbox). A 70- 100 lbs paper is recommended for the workshop.

Also attached is a geometric shape diagram (includes: sphere, cone, cylinder, and rectangle) which outlines the value areas we will be focusing on throughout the workshops, to transform these geometric shapes into forms.

Materials:

The materials required for the graphite workshop are outlined and explained in the **Tip, Tool & Technique** Video. It is recommended that view the video before moving into the workshop.

Mandatory tools include:

- Graphite Pencils (4H, 2H, B, 2B, 4B)
- Kneaded Eraser
- Shading Stumps (small to large in diameter)
- Drawing paper

If you are experiencing any difficulty with the Graphite Workshop and require support, please feel free to contact me anytime at amietalbot@hotmail.com

We're all set! I look forward to drawing with you in the Graphite Workshop!

Creative regards,

AMIE TALBOT
