### News of Interest to Veterans

**Secretary of Defense Resigns:** Secretary of Defense : James Mattis announced that he will be stepping down from his position at the end of February. His resignation comes in the wake of an announcement by the administration to completely withdraw U.S. forces from Syria, and to reduce troop numbers in Afghanistan by approximately half. “Secretary Mattis, has ensured America’s military remains the best, that our intelligence resources remain clear-eyed, and that our elected officials hear the unvarnished truth,” “In his short, two-year hitch at the Pentagon, he’s restored military readiness, built a more lethal force, changed the department’s business practices to get more bang for the buck, strengthened overseas alliances, and took care of our troops and

their families. This great American made things happen..

**Utah Senator Stops Blue Water Navy Bill:** An objection by Sen. Mike Lee (R-Utah) to passing H.R. 299, the *Blue Water Navy Vietnam Veterans Act of 2018*, by unanimous consent on the Senate floor Wednesday has effectively doomed any chance of the bill being passed in the 115th Congress. Lee now joins Sen. Mike Enzi (R-Wyo.), who objected last week due to the bill’s overall cost. Lee’s objection was because he wants to wait and see more sufficient evidence. “We don’t need more sick veterans to prove sufficient evidence,” “Agent Orange made Vietnam veterans sick, and science agrees that there isn’t any reason to treat so-called Blue Water Navy veterans any different than their peers who served ashore or on the inland waterways of Vietnam,” he said. “What both senators have done is fail thousands of veterans — many of whom reside in their home states. Their obstruction to this bill’s passage forsakes our nation’s promise to take care of those who were injured or made ill due to their military service. Their objections put cost above faithful and honorable service. **FRA** is again calling on all members and advocates to demand that the Senate pass **H.R. 299** before the end of the year.

**Blue Water Navy Bill Press Conference:** The **FRA** showed up in force to a Blue Water Navy Bill press conference in the Cannon House Office Building yesterday. House VA Committee Chairman Dr. Phil Roe (R-Tenn.) and incoming Chairman Mark Takano (D-Calif.) hosted the bipartisan event to urge the Senate to pass **H.R. 299**, The *Blue Water Navy Vietnam Veterans Act 2018*, which the House passed unanimously 382-0 back in June, has been held up twice in the Senate over the past two weeks by Sen. Mike Enzi (R-

Wyo.) and Sen. Mike Lee (R-Utah), who either objected to the bill’s cost or wanted to wait for more sufficient evidence. “If America can’t afford to take care of her veterans, then America should quit creating us.”

**End of 115th Congress Legislative Roundup:** While the Senate failed to pass the **FRA**-supported *Blue Water Navy Vietnam Veterans Act*, Congress was able to send several **FRA**-supported bills to the president before it concluded the 115th Congress. This includes **S. 2248**, a miniature omnibus package, which improves programs for homelessness veterans, transition assistance, veteran-owned small businesses, student veterans, and also includes the **SIT-REP Act**, which would protect student veterans from penalties due to delayed **GI Bill** payments. Congress also passed the **FRA**-supported **S. 3777, Forever GI Bill Housing Payment Fulfillment Act of 2018**, which will require **VA** to set up a team to plan and schedule dates for when student veterans who were impacted by **GI Bill** payment problems will receive their corrected housing payments. The **FRA** is also glad Congress passed **S. 3661**, which requires **DOD** to conduct a program to commemorate the **75th** Anniversary of **WWII** and support programs sponsored by veterans organizations and local governments, and **S. 2679, Veterans Small Business Enhancement Act**, which enables veteran-owned small businesses to participate in the Federal Surplus Property Donation Program.

All bills that were not passed this year must be re-introduced in the 116th Congress. The **FRA** applauds efforts of the 115th Congress to improve the quality of life of veterans, service members, and their families and survivors. More than two dozen **FRA**-supported bills have been

enacted into law over the past two years, or are awaiting the president's signature. Among them are: the **Forever GI Bill**, which removes the 15-year use-or-lose window for veterans discharged after January 2013, grants full eligibility to all Purple Heart recipients, adds additional months of eligibility for veterans pursuing **STEM** (Science, Technology, Engineering and Math) Degrees, and restores benefits to veterans whose schools abruptly closed. The **VA MISSION Act** expands caregiver benefits to **pre-9/11** veterans, consolidates access to private sector doctors into one simplified and improved program. The **VA MISSION Act** also improves the VA's ability to hire and retain high quality health care professionals, and established a process to evaluate and improve VA facilities across the country. The **VA Accountability and Whistle-blower Protection Act** improves accountability at the VA and protects the rights of whistleblowers.

**Secretary of VA Testifies on State of VA:** On Wednesday, VA Secretary Robert Wilkie testified before a joint hearing of the Senate and House Committees on Veterans' Affairs. The **FRA** thanks Secretary Wilkie for reaffirming that VA will make whole all veterans who were impacted by issues with the implementation of the **Forever GI Bill**. He also discussed how VA health care has improved in recent years and responded to recent stories regarding Veterans Choice Program spending, mishandling of the caregiver program, and suicide prevention. The hearing focused on implementation of the landmark and **FRA**-supported **VA MISSION Act of 2018**. Members of the committees and the **FRA's** written statement expressed concerns with VA's lack of transparency, which can impede its ability to ensure

veterans have timely access to the high-quality care they have earned.

**Temporary Moratorium on Discharges Issued for the Caregiver Program:** In response to the high number of veterans being wrongfully discharged from the Program of Comprehensive Assistance for Family Caregivers, known as the Caregiver Program, VA has announced it will temporarily halt discharges and decreases in level for current enrollees. Veterans are still able to apply and those wishing to leave the program may continue to do so.

**Survey Shows Increased Trust from Veterans in VA Hospitals:** Between fall 2017 and September 2018, VA surveyed more than **1.6 million veterans** regarding their trust of VA health care. **Eighty-six** percent of veterans indicated they **trust VA**, which is a **2.4 percent increase**. Veterans expressed a concerns with access to specialty care, lack of parking and long wait times to receive medications. Learn more about the.

**DPAA Year in Review:** This past week, Defense **POW/MIA** Accounting Agency (**DPAA**) released its annual report which provides an overview of the past year's accomplishments and missions. In **FY18**, the agency accounted for **203** formerly missing service members, which is the highest yearly total reached to date, and made substantial progress in identifying remains who were previously accounted for as a part of group burials. Broken down by conflict, **10** were accounted for from the **Vietnam War**, **37** from the **Korean War**, and **156** from **World War II**.
