

Go in peace to love and serve your neighbor.

We can pray to God at all times. We can pray for our family, friends, and ourselves. As we saw today we can also pray for strangers and big things like God helping people who are hungry.

What other kind of people can we pray for?

Your mission until the next Mass Book is to say a prayer when you hear a siren or see an emergency vehicle. Ask God to help those that are having an emergency.

My Mass Book

Name: _____

Date: _____

Remember

In our last Mass Book, we focused on the homily and how the priest or deacon will tell us what the Bible stories mean and how to get to heaven.

This week we are going to learn about the prayers of the faithful. These are prayers that are prayed by the whole church. What do you think the whole church should pray for?

The prayers of the faithful are not the same as prayers that are just for what we need from God. They are about the needs of the whole church. We often pray for things like rain, peace, and for our leaders. We also pray for the sick and those who have died.

Watch and Listen

During the prayers of the faithful the priest or deacon will pray for something like this.

“Lord, we ask you for rain to help our farmers.”

Then they say: **We pray to the Lord**

We say: **Lord hear our prayer.**

The last prayer is always for the people who have died, we pray that they might be in heaven with God. Remember our last Mass Book, we imagined how wonderful heaven would be.

What is one thing we prayed for today?
