Summary

With outstanding versatility on-set, Daniel is equipped with industry-level knowledge of all aspects of camera, lighting, and sound department. Having spent extensive time in the majority of crew roles, Daniel has a unique perspective and understanding of the functions of a film set for all individuals on it, allowing for an effective, efficient, and satisfying experience in any environment.

Additionally, Daniel is a professional editor with over a decade of experience in several editing programs, namely Davinci Resolve and the Adobe Suite. In post-production, Daniel is also a composer that works out of Ableton 11.

Thanks to his experience on-set as well as in post-production, he will often remain heavily involved in film projects from principal photography all the way to the final cut.
