THE EXCULSIVE!

The story behind how Women Unite to Ignite came to be, is centered around connections. Women, helping other women is a powerful movement and benefit for our community. Women Unite to Ignite is designed to work at the intersection of connecting women with purpose and on purpose. It's a movement and an experience intentionally designed to foster and nurture supportive relationships.

On Friday, October 2nd, 2026, women from around the region, some near and far will converge at the Le Belle Coeur in St. Charles for one action-packed and experiential day, featuring the following topics:

- Confidence & Compliments – improved awareness leading to positive outcomes
- Breakthrough – find motivation to drive accomplishment of goals
- Belonging, Imposter Syndrome, & Importance of Impressions

As a progressive and mission focused organization in the community, we're inviting you to join us in the second retreat of this kind, based on learning, engagement, connection and inspiration.

ABOUT THE WOMEN UNITE TO IGNITE ONE DAY RETREAT

Women are excited to nurture other women, extending an olive branch and helping them to reach their full potential. We're designing an experience, which allows women to immerse themselves in a supportive environment and gain valuable insights from industry leaders and successful mentors. Participants will leave this event with a renewed sense of purpose, meaningful connections, and a clear plan for achieving their goals. It's an opportunity for women to pour into other women, through sharing knowledge on topics geared towards self-development and self-care.

The event will bring together 100 women throughout St. Louis connecting early, mid and late career oriented and passionate women.

This day-long immersion of learning, training, and networking will emphasize how women can support one another more intentionally. Panelists and speakers are a mix of women with diverse backgrounds and experiences, but all with one shared common goal and desire and that is to support, uplift and help other women.
