** Not for traffic surfaces*

Ultra Shield II-A™

Fiberglass Repair

Ultra Shield II-A™ can turn worn fiberglass into showroom shine. Its polycarbon/polycarbonate technology is formulated to bond with fiberglass; creating a clear-coat protective layer that will provide a mirror-finish.

Coverguard™

Protect & Clean your Leather and Vinyl

Coverguard is an all natural, easy to use treatment for leather or vinyl. Coverguard returns the natural oils to leather that are generally removed by U.V. attack, weathering, or alcohol based cleaning products.

Power Patch™

Two-part underwater Patch & Repair System

- Hulls
- Hatches
- Port-holes
- Easy-to-use
- Saves time and money

RC-850™

Rust Converter

Almost every boater has a vulnerable rust area. RC-850™ will react with the rust to neutralize the oxidization or rust to provide a primed surface, ready for painting or coating.
