Trailmaster Holsters

Ruger GP-100 Catalog

Howdy, I'm Earl Southard,
Owner/Operator of Trailmaster
Holsters. Thanks for taking the time to
look over my holster designs for Ruger's
GP-100.

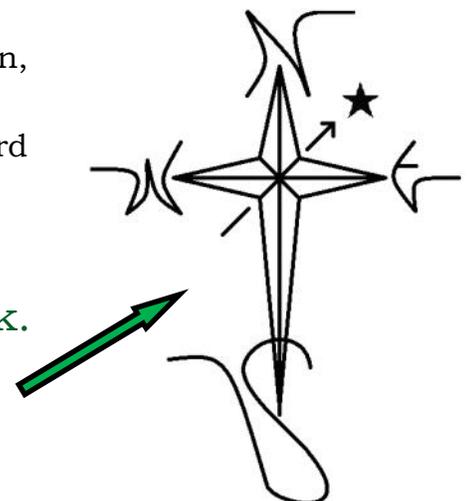

This catalog is loaded with many
different designs, styles and detail
options. Many other revolvers fit in
holsters made for the GP-100, such as
the S&W L-Frame, but I only check for
fit with a GP-100 upon completion.

Most importantly, if you have any
questions or would like to order, don't
hesitate to call me at **1-406-564-3220**
or email me at:

trailmaster@trailmasterholsters.com

Thanks again,

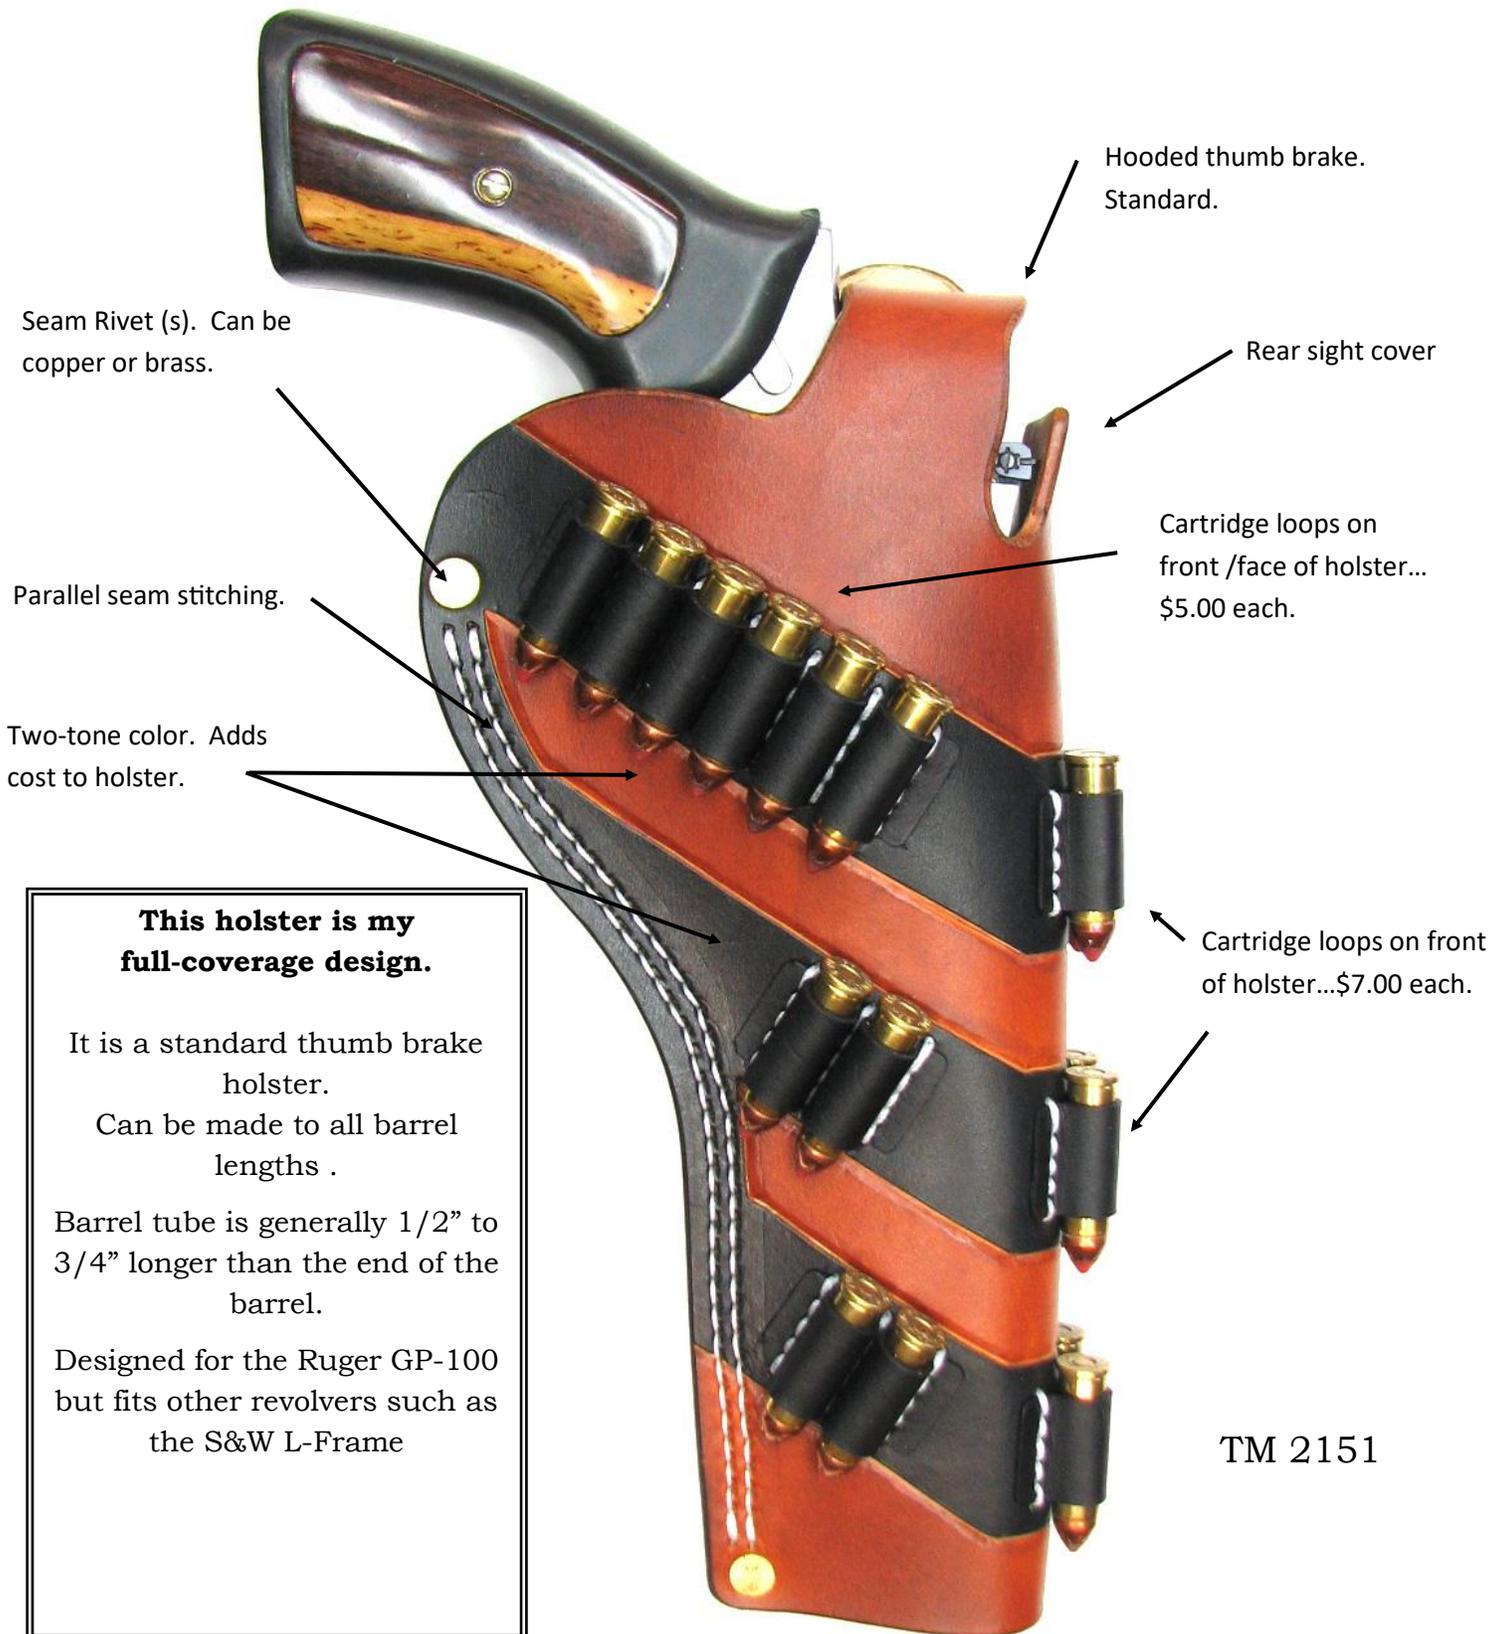

Earl Southard

A compass rose is Trailmaster Holsters' trademark.

As a symbol of integrity, true north is
always true, despite how the world might turn.

A quick description/overview of Trailmaster Holsters' designs for the Ruger GP-100

Hooded thumb brake. Standard.

Rear sight cover

Cartridge loops on front /face of holster... \$5.00 each.

Cartridge loops on front of holster...\$7.00 each.

Seam Rivet (s). Can be copper or brass.

Parallel seam stitching.

Two-tone color. Adds cost to holster.

This holster is my full-coverage design.

It is a standard thumb brake holster.

Can be made to all barrel lengths .

Barrel tube is generally 1/2" to 3/4" longer than the end of the barrel.

Designed for the Ruger GP-100 but fits other revolvers such as the S&W L-Frame

TM 2151

More descriptions/overviews of Trailmaster Holsters' designs for the Ruger GP-100

This style holster is known as a **shooter's cut**. A customer, now a good friend, actually named the design. It features a combination release (works like a thumb brake but can be removed), an open rear sight guard and a more open trigger guard area. As you look through the catalog you will see different versions like a shooter's cut, with covered rear sights, and some with a more closed trigger guard area.

5 different color choices for snaps and rivets. Black, Brass, Silver, Antique Copper and Antique Brass. This holster has Antique Brass.
