

Join us for Southgate Crossing Summer Fest & Flea Market!

Southgate Crossing is one of the largest peg and beam structures built by the Amish in the United States. This beautiful building will be a stunning backdrop for numerous local companies looking to promote their services. With its spacious parking lot and various amenities, it will be convenient for both shoppers and vendors.

Booth fees are detailed in the contract below. Please note that we do not provide tables or any other structures. The event will take place on the second floor of the building and outdoors in the front parking lot. We are excited to have access to a large modern freight/passenger elevator at this venue. We will be accepting 50 indoor participants for this event and will also extend activities into the parking lot.

You can email your completed application to southgatecrossingevents@gmail.com, and we will invoice you for payment. Alternatively, you can mail the application along with payment to Southgate Crossing, 27751 CR 26, Elkhart, IN 46517. Please add southgatecrossingevents@gmail.com to your address book to ensure you receive email communications.

This event is open to crafters, direct sales vendors, food trucks, bakers, antique vendors, and more. We reserve the right to limit the number of each type of vendor to ensure a diverse selection of quality offerings for shoppers. All spaces will be filled on a first-come, first-served basis, and all invoices must be paid within 7 days unless prior arrangements have been made.

Food vendors are required to provide the necessary permits and licenses as mandated by the Elkhart County Health Department. Please complete the application below and submit a minimum of three images of your current work or products. If you are accepted, we will use these photos on our social media pages to promote the event. We take pride in the attractiveness of product presentation and marketability, so high-quality photos of your merchandising are essential.

Setup hours for indoor spaces will be Friday, June 13, 2025, from 1 - 6 pm and from 8 am – 10 am the morning of the event on June 14, 2024. Outdoor spaces will be allowed to set up from 8:00 am – 10:00 am the day of the event. Most indoor booths will have electricity but please indicate whether you need it on the application below so that we can create the best layout possible.
