CIRCLE CITY SIDEWALK STOMPERS

We are the Circle City Sidewalk Stompers from Indianapolis, Indiana!

What began in 1976 as a hometown band has exploded into a worldwide journey—thrilling crowds from Alaska to New York, and from the cobblestone streets of Europe to the bustling cities of Asia.

We are a **12-piece brass band** with a high-energy, **20-minute choreographed show** — plus an additional **50 songs, all memorized** and ready to play!!!

The band performs for a wide variety of occasions including fairs, festivals, parades, conventions and exhibitions, collegiate and professional sports teams, airport arrivals, weddings, corporate events, and even private parties.

The possibilities are endless!

The Circle City Sidewalk Stompers are an on-the-move, high-energy band that is equally at home on stage or roaming throughout any venue, bringing entertainment to multiple locations during your event. This approach has been a hit with clients such as the Indiana State Fair, the Indiana Pacers, and the Indianapolis Colts.

Known for their unique, colorful, custom-made outfits, the band can also wear branded or casual attire to match your event's theme. Their musical repertoire spans all genres, from classics to modern favorites. The Stompers pride themselves on top-notch musicianship, lively choreography, and entertainment tailored specifically to your audience.

Owner Steve Sutherlin, and his son Bryan bring not only the awesome sounds of live music but also a warm, family-friendly atmosphere to every performance. We look forward to making your event unforgettable!
