International MFT Honor Society

Newsletter

Welcome to Delta Kappa Pi's Newsletter!

Our mission as a group is to create a network of exceptional learners, to promote the exchange of ideas in the MFT field, to provide opportunities for Leadership, and to offer academic support, research development, and prepare learners for clinical practice. It's a big mission.

Delta Kappa has existed as an organization since 1998, and Capella's Pi Chapter has been running since 2016. Our Pi Chapter now has over 1,000 current members and alumni. The strength of our organization has the opportunity – through our leadership – to shape the future of the Marriage and Family Therapy field as a whole.

To that end, our main endeavors as a Pi Chapter has established many ongoing and developing programs.

Spill the Tea is our most popular program. Professors and professionals in the field offer a specialized hour-long zoom talk on a single topic. Often those topics allow a more in-depth view than studied in class. The best part is anyone can attend (even non-members) but students in Internship can earn 1 hour of extra Supervision!

The new **DK Resource Library** is a google drive where members contribute to a depository of knowledge. Whether that is assessments, intake paperwork, study materials, or State-by-State licensure requirements (like who to email or call to begin post-graduation licensure), the growing and developing drive already has a lot of material free for members to use.

Networking is uniquely important to our future as therapists. You might need a referral for a client moving out of state, or need to look for a new supervisor for yourself, or you want to connect with others in your state for meet ups or peer support groups. We are currently building a **DK Referral Directory** to aid in that need.

Also in development is **MFT Exam Prep Tutoring**. Our President, Darby Sams, has been spearheading opportunities to receive free instruction from professional MFT Exam Prep companies. Not only can you join a free 1-hour tutoring session, but the AATBS company is also offering a massive discount for their study materials.

Stay tuned to future newsletters or join our social media outlets to stay in the know. All of the links you need are listed below (in copy/paste format).

DK MEMBER DIRECTORY

🌐🌟 Help Us Build Our Nationwide Referral Network! 🌟🌐

Are you a proud member of Delta Kappa, practicing in the field or on your way there? We're creating a DK Member Referral Directory to make it easier to network, connect, and support one another—no matter where life (or licensure) takes us! 🌟

💖 Whether you're:

- ◆ Looking to refer a client across state lines
 - ◆ Hoping to connect with members in your area
 - ◆ Moving to a new state and need a network you can trust—
- this directory will be your go-to community resource. 🍯

📧 We'd love to include you!

Please share the following info to be part of the directory:
