News from the Vineyard

By Sierra Stange

Welcome back to Metate Hill Vineyards, nestled in the Sierra Foothills AVA. MHV is a sustainable vineyard that specializes in Iberian winegrapes with a unique selection of Spanish and Portuguese varieties available for purchase.

This season, the most impactful change to our farming practices is our in-row tiller back in action! This marks an important step to implementing organic farming practices and lessening the chemical footprint of MHV.

MEET THE TEAM AT MHV: Steve Stange, Michael Stange, Sierra Stange, Indigo Stange, Vicente Lopez, and his Crew

Our Open Vineyard is August 26th! 9am-12pm. Tour the vineyard, check out your favorite grapes! Food & Drinks provided, bring a guest! Rsvp if more than 2.

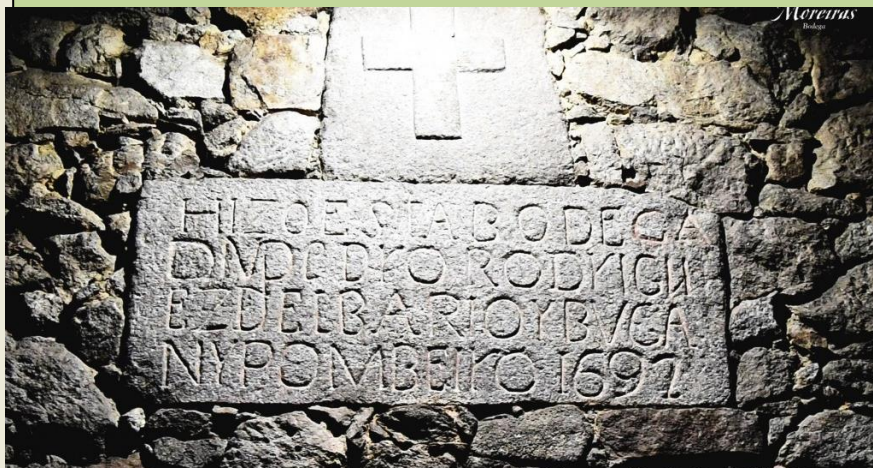

SIERRA FOOTHILLS - CALAVERAS AVA

2024 Harvest Update

By Michael Stange

In the Ribera Sacra wine region lies Casa Moreiras Adega, whose origin dates back to 1692. It was the source of our Godello and Mencia clone material that we imported in 2007.

**Vineyard Open House!**

By Sierra Stange

Who: You Are Invited + 1 guest**What:** Tour vineyard, taste grapes, meet the owners and workers of MHV**When:** August 26th 9am-12pm**Where:** 192 Appaloosa Road

Tempranillo Duero – 2 tons left

Tinto de Roriz - 1 ton left

Treixadura – SOLD OUT

2024 HARVEST UPDATE: Total Tonnage Estimated: 28 tons

Veraison has started in the upper portions of the vineyard, beginning with the Tempranillo Toro. The recent heatwave seems to have delayed ripening but the cooler weather has accelerated the grape cluster growth. Final nutrient tests have been performed to assess fertilizer needs for proper ripening. Although we have experienced minimal burn, we expect a full harvest this season.
