

If elected State Representative, Bill is committed to working on these important issues:

Stimulating the Economy

By supporting small businesses, promoting wage increases for tradesman and laborers, and creating opportunities for income to be reinvested within communities, Bill is committed to improving our local economy.

Improving Education

As a skilled tradesman, Bill understands that college isn't for everyone, and he's dedicated to supporting trade schools that provide numerous educational options for young adults, as well as the STEM program which makes education in science, technology, engineering and mathematics more accessible to students. Bill also intends to work directly with area high schools to promote the Advanced College Experience (ACE) program for students interested in earning a college degree on a budget.

Sustaining Agriculture

Bill is committed to sustaining agricultural practices by advocating for 4H and FFA funding, as well as seeking necessary funding that ensures Pennsylvanian farmers can continue their important work.

Supporting Professional Services

With healthcare in high demand, the shortage of healthcare professionals is an issue Bill is passionate about addressing. Bill recognizes the importance of supporting professionals that provide for the daily needs of Pennsylvanians, including medical providers, mental health professionals, accountants, attorneys and other service based professionals.

Environmental Preservation

As an avid sportsman, Bill is dedicated to preserving Pennsylvania's outdoor heritage by supporting nature-based youth programs like boy scouts, girl scouts, hunter safety programs, and camping and fishing opportunities.

It has been Bill Monahan's life-long dream to better the lives of fellow Pennsylvanians as State Representative and through his extensive experience leading and overseeing projects as a boilermaker, he has the skills and drive to create positive change.

When Bill isn't advocating for the betterment of local communities, you can find him hunting, fishing or enjoying a ride on his Harley. Bill also enjoys archery and is a 3 time national champion. Bill has been married to his high school sweetheart for 14 years and they enjoy being outside together with their two young daughters.
