

London Flick Testing Environmental policy

Introduction and aim

London Flick Testing is a Fire Safety compliance business, operating in Central London and Brighton. Our main services is carrying out monthly testing of emergency lighting within the communal areas of residential flats. We recognise that our operations result in emissions to air and water, and the generation of waste. It is our aim to comply with legislation and other requirements, continue to reduce the environmental impacts of our business and operate in an environmentally responsible manner. This policy describes how we will achieve our aim.

Responsibility

This environmental policy applies to all of our operations including management, office services, site operations, and procurement. Nathan Reeve, Operations Manager has overall responsibility for ensuring that sufficient resources are made available to enable the business to achieve our environmental objectives and targets and that the policy is implemented.

Hayden Reeve has the day to day responsibility for ensuring that the requirements of this policy are being followed and for monitoring the effectiveness of the objectives. However, all employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

Objectives

During 2024 and 2025, we aim to:

- make efficient use of natural resources by conserving energy and water, minimising waste and recycling where possible
- meet our duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste
- keep transport use to a minimum and regularly service vehicles to maintain their efficiency
- inform and train all employees of the companies environmental objectives and how they can assist in meeting targets

Targets

To achieve our aims, we have set ourselves the following targets

- reduce vehicle emissions to air by the scheduling of work to reduce mileage and servicing all vehicles
- recycle as much paper, cardboard, plastic and metal waste generated in the office as possible
- reduce paper usage by increasing the use of e-mail and electronic documentation
- reduce energy consumption by monitoring energy usage and training staff on basic housekeeping

Monitoring and auditing

Progress against these objectives will be monitored through a number of mediums including:

- Annual management review of this environmental policy and any associated environmental procedures
- Regular internal audits of environmental procedures
- The monitoring of environmental objectives and associated KPI's / targets
- Monthly management meetings.

Communication

This environmental policy is available on our website Londflicktraining.co.uk. All members of staff will receive training on the environmental responsibilities of their role, and will be informed of any updates or revisions via e-mail or team meetings.
