Dear Darren,

Yes, as stated potential clients can contract me if they wish.

Sincerely,

John

Hi John

Ok, no problem, thanks for your support all the way through this process. I trust we can direct potential customers to yourselves should they require further clarification?

Best regards

Darren

Dear Darren,

Thank you for your further email.

I believe our trail of email exchanges and the offer to answer any questions from prospective clients will suffice.

Sincerely,

John

Thanks John

Could we possibly have a formal letter of approval, or similar, we can use in the first instance?

Regards

**Subject:** RE: [Official - Sensitive] Jersey Asbestos Licence application  
Dear Darren,

Thanks for your email.

So, we can issue the license once the other business license is in place.

Therefore, if ASR are tendering for work you can send through our exchanges to potential clients that confirm ASR's asbestos license is approved pending receipt of a copy of the non-resident business license. I am happy to be a point of contact for any client to confirm this as part of any due diligence process on their side.

Once ASR has its contract and non-resident business license, I will provide the company its asbestos license. Please note that, as with all new Jersey license holders, ASR's licence will be for one year from the date of the Ministerial Decision (31/12/25) in the first instance.

Sincerely,

John

Thanks John

We confirm that it is our intention to apply for a **non-resident business licence**. We understand that an application can only be made once specific contracts have been secured on the island, and that each application must relate to the particular contract(s) concerned. Accordingly, we will submit an application for the appropriate licence once the relevant contract has been awarded.

We also understand that applications are required to be made via the online application process and that the applicable fees must be paid at the time of submission. We have prior experience of this process with my previous company and are fully familiar with the requirements. We will ensure that all necessary business licensing approvals are in place before commencing any work in Jersey.

I trust this is acceptable

Best regards

Dear Darren,

Thank you for your email.

The Ministerial process has been completed, however prior to issue of the license we have received a request from the Minister that we obtain evidence that the wider business/trading license has been obtained.

Please provide this information as soon as possible and I'll be able to provide the completed license.

Sincerely,

John

**Subject:** [Official - Sensitive] Jersey Asbestos Licence application  
Dear All,

I am writing to advise that HSI have written to the Minister for Social Security to recommend that ASR Ltd be granted a licence for asbestos work within Jersey. As this requires a Ministerial Decision and relevant signatures and given the time of year the licence will likely be issued early to mid-January 2026.

[abridged version]

Sincerely,

John
