Learn about your pharmacy benefits

Do you have questions about your current prescriptions, their costs or other medications covered under your pharmacy plan?

Your online member account has the answers. **Log in to your account** at bcbsm.com, or use our **mobile app**. Select *My Coverage*, and then *Prescription*.

KNOW YOUR OPTIONS

Search for generic alternatives for brand-name prescriptions. Compare prices between generic and brand-name drugs, so you can talk with your doctor about lower-cost options for your prescriptions.

See if your prescription needs prior authorization. Your prescribing doctor may need to submit additional information for us to pay our portion of your prescription. Or check with your doctor about lower-cost options that may not require prior authorization.

Order a 90-day supply. If your plan offers the option, you may lower your out-of-pocket costs by ordering a 90-day supply of your daily medications from a participating retail or home delivery pharmacy.

MANAGE YOUR PRESCRIPTIONS

Check your prescription drug history and claims. Claims are posted to your account as soon as they're available. You can see:

- How much we paid
- Your share of the cost
- Your previous prescription orders or refills

Pick up your prescriptions at a local pharmacy or while traveling.

All you need is a ZIP code to find a pharmacy near you.

Track medications that are sent right to your door. Check the status and shipment of home delivery prescriptions.
