Smith Medical Clinic was established in 1985 by Dr. Cathcart Smith and his wife, Nancy in an 8-foot wide trailer with office and medical equipment from Dr. Smith's former medical office. Initially, Dr. Smith recruited five retired doctors and a dozen nurses to volunteer at the Clinic. This volunteer model has become a Smith Clinic tradition. Today, our volunteers, aided by a small, part-time staff and financial support from our community, provide complete medical care for over 2,000 low-income, uninsured, Georgetown County residents a year for less than \$250 per patient per year.

June 2016

HELPING OUR COMMUNITY BY HELPING EACH OTHER.

Summer Excitement!

We've enjoyed a busy couple of months. We broke ground for our new clinic building in Pawleys Island on

May 15th and the new Georgetown satellite clinic opened for business on May 16!

Excerpt from Patient Letter:

"I would like to thank the Smith Medical Clinic for all the care they have given me and my family during the years. I don't know what we would have done without the help and care and love and joy. There is nothing I can say that would be enough but I say 'thank you' from the top of my mind to the bottom of my heart."

James L.

Be Part of the Legacy of Caring

Be part of the Legacy of Caring at Smith Medical Clinic, Inc. by purchasing an engraved brick that will become a permanent part of our new patient care facility in Pawleys Island. Commemorate a special occasion, honor or remember a special loved one, celebrate a birth, honor an anniversary, make your mark with your business name, thank a volunteer, share an inspirational quote – there are so many ways to create something special..

The bricks are available in 4" x 8" or 8" x 8" sizes and are engraved using state of the art laser technology, ensuring long lasting strength and durability.

The Board of Directors hopes to raise the remaining funds needed to complete the new building through the brick campaign. Please visit our website for more information and to order your brick.

**Volunteer Reflection:
Kathy Thompson**

If it's true that "we are all just walking each other home", then Smith Clinic reflects that image as well as any I know. Can you picture individuals or clusters of folks headed home? From time to time along the way, various others step out to join on our walk. Some who are unfamiliar with the clinic may have the notion that it's only the patients who receive the support. In fact, volunteers, donors, patients and staff all are part of that ongoing walk "home". We all recognize the value of shared experience, whether it's a once a week commitment at the reception desk, the assurance of a financial donation well spent, or the relief of finding health care providers who care. Isn't it better to "walk with each other" than to walk alone?

"We're all just walking each other home."

Welcome, New Volunteers!

A Special Donation

This money was found by a wonderful customer named Mr. John C. and being me a customer to send this to you if the owners never come for it. So here you go! God Bless you/America

**3rd Annual Charity Golf Championship
Presented by Bistro 217**

For the past 3 years, Smith Medical Clinic has been the beneficiary of the Bistro 217 Charity Golf Championship, considered by many to be the premier golf event on the Grand Strand. With retired banker, Allen Mead recruiting golfers, sponsors and donations, and Bistro 217 co-owners Anne Hardee and Adam Kirby providing amazing food, drink and many other special touches, the tournament provides golfers with a wonderful experience at Caledonia Golf and Fish Club while raising money for select non-profit agencies. We are grateful that the tournament raised over \$57,000 for Smith Medical Clinic over the last 3 years. We wish to once again thank Allen, Anne, Adam, their team of volunteers, sponsors, prize donors and all the golfers who participated in this wonderful event.

Thank you, Patient Partners!
