RENTAL/DOCKAGE APPLICATION

Recorded rules are utilized to set forth what type of conduct is considered permissible by slip owners and renters or guests. Often, however, instances arise where no specific criteria exist in the written rules. This does not mean the rule criteria are unenforceable. If an event of conduct falls outside of the written rules all reasonable discretion will be made to make decisions based on the facts and circumstances of each individual case. Such decisions are the responsibility of the Board of BMCA.

Slip Owners shall have a lien against the boat, her appurtenances and contents, for the sums due under this agreement. The renter and vessel shall have an additional liability for all costs and expenses incurred in the collection of said sums, including attorney fees, for all services incident to said collection: in judicial proceedings and appeals therefrom or otherwise. In consideration for using dock space, renters agree to hold harmless BMCA and slip owners against any loss, cost, suit, or claim arising out of docking space, or any handling of the boat in connection therewith.

Failure to comply with this agreement or violation of the Rules & Regulations may cause immediate termination of the agreement and the slip owners will be required to initiate removal of the vessel from the marina. In the event any portion of the Rules & Regulations or docking agreement shall be deemed in violation with any law of the United States or the State of Florida, said portion, and said portion only, shall be deemed null and void, and the balance of the agreement shall remain in full force and effect. This agreement shall be interpreted in accordance with the laws of the State of Florida and the laws of the United States.
