

# Regional Charitable Reserve Funds Training

## Be Prepared for Changes to Tax Collection in NYS

- For town supervisors, board members, comptrollers and collecting officers

As a response to the \$10,000 limitation on State and Local Tax (SALT) that came with the Tax Cuts and Jobs Act, New York adopted substantive, comprehensive changes to the calculation of personal income taxes and real property taxes.

**Creating a charitable reserve fund will significantly change the tax collection process at the local level.** This seminar will provide an in-depth analysis of charitable reserve funds and address many practical questions about these changes.

**These seminars are eligible for one credit in the Certified Town Official Program in the Tax Collector/Receiver of Taxes area.** *(An affidavit of participation will be provided at each event for those interested in the CTO credit).*

Seminars are free of charge, but space is limited! **REGISTRATION REQUIRED.** E-mail [pkebea@nytowns.org](mailto:pkebea@nytowns.org) to register for your preferred date/location.

| REGION / AREA      | LOCATION  | TIME / DATE          |
|--------------------|---|----------------------|
