

BASEBALL SCOREKEEPING 101

All that is needed to be a successful scorekeeper is a little scorekeeping knowledge and a keen eye when watching the games. The first thing that any person must know is the abbreviations for the terms used in baseball.

1B	Single	HBP	Hit by Pitch
2B	Double	HR	Home Run
3B	Triple	I	Interference
A	Assist	K	Strike Out Swinging
BB	Walk	KC or	Strike Out Called By Umpire
BK	Balk	LOB	Left on Base
CS	Caught Stealing	PB	Passed Ball
DP	Double Play	RBI	Runs Batted In
E	Error	SAC	Sacrifice
F	Fly Out	SB	Stolen Base
f	Foul Out	WP	Wild Pitch
FC	Fielder's Choice		

When keeping score these terms will be used to describe the game. If the terms are used correctly any person who picks up the scorebook will be able to tell what happened in the game. The next thing a person must know to keep score is the numbers used to describe each position. The baseball diamond is as follows

- 1 – Pitcher
- 2 – Catcher
- 3 – First Base
- 4 – Second Base
- 5 – Third Base
- 6 – Short Stop
- 7 – Left Field
- 8 – Center Field
- 9 – Right Field

Scoring Balls and Strikes

- All scorebooks have a spot to mark balls and strikes. Your scorebooks have three “B’s” and two “S’s” in the left side of the box. To score a ball or strike you put a line through the appropriate letter for each pitch. For foul balls AFTER there are 2 strikes, make a dot or slash in the box.

Scoring Strikeouts

- There are 2 ways to score a strikeout: Swinging and Looking
- For a strikeout swinging simply put a “K” in the scorebox.
- For a strikeout looking put a BACKWARDS “K” in the scorebox.
- Don’t forget to mark the out on the left side of the box.

Scoring Hits

- To score a hit all that needs to be done is know the type of hit it was (single, double, triple or homerun). These are abbreviated as 1B for a single, 2B for a double, 3B for a triple. Just simply circle the correct hit. Make sure to advance any players that were on base at the time of the hit to their correct position. Scoring a walk is the same as scoring a hit, just circle the BB in the box and draw a line showing the player at first base.

Scoring Walks

- A walk or (Base on Balls) is recorded the same as a hit. When a batter walks you circle the BB abbreviation and draw a line to first base. Be sure to advance any previous runner that may have been on first. (If a batter walks with the bases loaded, he is credited with an RBI.)

Scoring Runs and RBI's

- To score a run, simply color in the entire box of the player who scored.
- Optional: When scoring a run be sure to give an RBI to the player who batted in the runner. This scorebook has a box for RBI in the bottom right-hand corner.

Scoring Outs

- To score an out, know where the ball went, who the ball was thrown to, or who caught the ball. When an out has occurred, write the position number of the player who caught the ball and then who it was thrown to. Be sure to separate the players with a dash. Once this is done make sure to circle the out number 1, 2 or 3 in the right side of the box.

Changing Players

- When a player change has been made, write the players name in the correct position in the lineup – Be sure to indicate what inning change was made. Then draw a vertical line on the right-hand side of the box where the player change occurred. It is also a good idea to mark the inning in the lineup box where the new player was inserted.
- To mark a pitcher change, draw a horizontal line on the opposing teams scoring sheet at the bottom of the box where the change was made.

Handwritten annotations on the scorecard include:
 - A large bracket on the left side of the scorecard, spanning from the top of the 7th inning to the bottom of the 9th inning.
 - "PB WP" written in the 7th inning, with an arrow pointing to the 24th batter's line.
 - "S-4" written in the 8th inning, with an arrow pointing to the 51st batter's line.
 - "FC" written in the 9th inning, with an arrow pointing to the 55th batter's line.

- To score an error the error must be marked where in the course of the player running that the error occurred. For instance, a batter hits the ball to the pitcher. The pitcher throws the ball over the first base man's head. So, the runner advances to second base. The Error should be recorded next to the line which shows the runner going to second.
- A Fielder's Choice is when a runner reaches base because the player in the field tried to make another out instead of getting the batter out. For instance, a runner is on first base. The batter hits the ball to the third baseman. The third baseman throws the ball to second base to force out the runner going to second. Now the batter reaches first base safely. Therefore, he has reached on a fielder's choice.
- A passed ball is any ball thrown by the pitcher that the catcher drops or misses that should have been routinely caught. A runner must advance from one of the bases to score the passed ball. A PB is put on the line which shows the runner advancing to the next base.
- A wild pitch is a ball that either bounces before it reaches the plate or a ball that is thrown by the pitcher, that leaves the catcher with little or no chance to catch it. A WP is scored the same as a PB except the WP is used instead.

Keep In Mind

- You are a neutral part of the game even though you are from one of the teams playing that game. Please do not give even the impropriety of indiscretion.
- Manager's may NOT approach the scorekeeping box without the umpire present to ask for information. This includes asking the score and the pitch count. These are both announced from the announcer in the box at the end of each inning.
- The scorekeeper's box is next to one of the dugouts on each field. You may not communicate with the manager, coaches or players in that dugout. (ESPECIALLY if it's "your team" in that dugout.)
- You are NOT responsible for making sure a manager/team gets their substitutions their required minimum play. The umpires are all over this... they will remind the managers to get their substitutions in.
- You are NOT allowed to tell a team that someone has batted out of order. For the most part, one of the teams will notice this before or during the at bat and the umpire will tell you to how to score it.
- ONLY USE PENCIL TO SCORE A GAME
