

## Inclement Weather Safety Discussion

Company: Innovations Manufacturing

Topic: Working Safely During Inclement Weather

### Why This Matters

Cold temperatures, snow, and ice increase the risk of vehicle accidents, slips, trips, and falls. Our goal is to make sure everyone gets to work safely, works safely, and gets home safely—even when weather conditions are less than ideal.

### Safe Travel During Bad Weather

- Plan ahead and check weather and road conditions
- Leave early and allow extra time
- Slow down and increase following distance
- Watch for black ice
- Keep your vehicle in good working condition

### Walking Safely Around the Facility

- Assume surfaces may be icy
- Walk carefully and use handrails
- Report icy areas immediately
- Wear slip-resistant footwear

### Dressing Appropriately

- Wear warm layers
- Use gloves, hats, and insulated jackets
- Choose footwear with good traction
- Change wet clothing promptly

### Attendance & Communication

- Notify management if running late
- Call in if travel is unsafe
- Communicate early and clearly

### Key Takeaways

- Safety comes first
- Plan ahead
- Watch for ice
- Dress appropriately
- Communicate with management
