

2022 Bolles Middle School Invitational Final Information

Tuesday, April 21st, 2022

The Bolles School is extremely excited to be able to host the 2022 Bolles Middle School Invitational! This meet will be held on the beautiful campus of The Bolles School (7400 San Jose Blvd, 32217) All meet info is below:

Parking: There is plenty of parking right next to the track / football stadium.

Coaches Meeting: The coaches meeting will be at 3:45 at the timer's tent, right by the finish line. Here we will go over any new information pertaining to the meet, assigning teams some field events to help with, as well as collecting entry fees.

Field Events: Please make note of the schedule on the order of the field events. The boys and girls long jump will be run together, on separate runways. We will be assigning a few teams to help with field events, if there is an event you would really like to help with, please let me know.

Event Check In: All field events will check in at the field event site, and all sprint / hurdle events will check in at the start line for that event. Example, if you run the 400m, you just need to check in to the start of the 400m and you will get your heat and lane assignment. The 800m and 1600m you will need to check in first at the clerking tent to get your hip number. We will go over this as well at the coaches meeting.

Results: Timing for this meet will be done by JAC Timing. You will be able to find start lists, live results, and final results at jactiming.com. Final start lists will be made available by 10am on Thursday.
