

DOOR-2-DOOR LAWN SERVICE

WE ARE A TEAM - WE ARE A COMMUNITY

Door-2-Door Lawn Service LLC is a **family-owned business** operated by local educators and their children that **want your business to succeed**. When you succeed, we succeed, our community succeeds!

OUR MISSION

Our mission is to provide **first-class lawn care** through **friendly, exceptional service**. The Door-2-Door Lawn Service team focuses on serving the communities we live in and we pride ourselves in beautifying each landscape that we manage. Our lawn care team members are held to the **highest standards of honesty, professionalism, and safety** so business owners can rest assured any time our team is on their property. We aim to become a seamless extension of local businesses to enhance their customers' experience. Our goal is to provide **high-quality** lawn care services at a **reasonable price**.

TO WHOM IT MAY CONCERN,

Door-2-Door Lawn Service LLC is a full service landscape and grounds maintenance company that understands the importance of your corporate image.

Customers, clients, and residents form their first impressions the moment they arrive on your property before stepping foot inside your business. The exterior of your property tells a story about your company and your community. A well-landscaped property welcomes your potential customers, clients, or residents. Without proper care and attention, your property's exterior could cost you profits.

Let **Door-2-Door Lawn Service LLC** handle your lawn care for you! Our team is made up of trained and licensed professionals that perform contracted services. We also offer proactive suggestions to improve the appearance and health of your landscape on an annual basis. If your property requires services beyond our areas of expertise, we leverage our relationships within our community to find someone who can provide those services at a reasonable price.

Door-2-Door Lawn Service LLC aims to exceed customer expectations. Our focus on customer service gives you confidence that your property will be designed, installed, and maintained flawlessly year round.

LANDSCAPE & GROUNDS MAINTENANCE

Our highly qualified team has experience in maintaining custom outdoor spaces for residential, commercial, and corporate properties, including condo and townhouse developments. We are committed to servicing your property in a reliable manner, whether you need a one-time service or complete landscape and grounds management.

Door-2-Door Lawn Service LLC has worked hard to build a reputation in our industry and within the community as respected and dedicated landscapers. We are not a big box business that only sees you as an opportunity to make money while providing the bare minimum quality services. We consider you a member of our team as well that is focused on our community and making Mebane and the greater Alamance area the best place to live and raise a family in North Carolina.

We look forward to working with you and exceeding your expectations with our exceptional, cost-effective landscaping services. Give us a call today to schedule your free consultation and estimate bid.

SINCERELY,

Heath Wrenn
