I AM WOMAN LIVE A LIFE THAT OUTLIVES YOU

I purposely choose to live a life that outlives me by investing in my future legacy, not only by making monetary investments, but I also invest in the future of my son. I daily spend time preparing him for life in this world by imparting knowledge of the Word of God, so it will become his foundation when I am no longer here.

Living a Life that Outlives me means serving my community and the residents of that community, so they might have access to needed resources and a better life. "I realize that anything I do for people is a privilege from God." I do these things because I was a mere ten years old when my grandmother reminded me, "we are not here to merely exist and that this life we live is not our own" but we exist to be of service to this Nation and to Others.

"If I can help somebody as I pass along, If I can cheer somebody with a word or a song, If I can show somebody he is travelling wrong, Then, my living shall not be in vain!" Lyrics by Harry Secombe
