## LIVE A LIFE THAT OUTLIVES YOU

Living a life that outlives you is leaving a legacy. Something you would want to pass onto the next generation. Hopefully it would leave blessings behind. Those recipes passed on from one generation to the next.

Your life the way you lived your life can outlive you by the lessons you left behind, the advice you gave and the lifestyle you lived. The lessons you learned from your mistakes can help someone else not make the same mistakes. The advice you left behind should be treasured as value and not taken lightly. The lifestyle you lived can be a godly example of following Christ. Like in the Bible, the people in the Bible represent different lifestyles but the ones that followed the Lord wasn't perfect but they had a heart for God. Like Joseph, he wasn't perfect and bragged too much to his older brothers about his dreams however he left behind forgiveness and helped his family and many others in a famine in Egypt. Or even how Joshua and Caleb wanted to see the promise land. Their lives showed total dependency on the Lord to make to their promise land. They didn't depend on themselves but God.

So, keep in forefront of your mind not to depend your abilities nor knowledge but, always depend and rely on God.
