

****Partnership Proposal: Empowering Students Through Math Harmony****

****Introduction:****

Math Harmony is dedicated to making math learning accessible and enjoyable for all students. Our mission is to provide high-quality tutoring sessions that foster a love for mathematics

and support academic success. We believe that every student deserves access to quality education, regardless of their background or circumstances.

****Partnership Opportunity:****

We are seeking partners who share our commitment to student empowerment and education. By partnering with Math Harmony, you have the opportunity to make a significant impact on the lives of students in our community. Your support will enable us to provide free tutoring sessions to students who may otherwise lack access to academic support.

****Funding Request:****

We are seeking funds to support our tutoring program, which involves tutoring three students virtually at a rate of \$15 per hour per child. With your generous contribution, we can cover the expenses associated with each tutoring session and ensure that every student receives personalized attention and support. Our goal is to secure funding for 100 hours of tutoring, enabling us to serve a total of 300 students over the course of six weeks.

****Program Structure:****

Our tutoring program operates in cycles, with each cycle lasting six weeks. During each cycle, we aim to tutor 24 students intensively, providing them with the skills and confidence they need to succeed in math. Between cycles, we allocate one week for reset and organization, allowing us to prepare for the next cohort of students and optimize our tutoring resources.

****Benefits of Partnership:****

- **Social Impact:** Your partnership will directly contribute to improving math education outcomes for students in our community.
- **Visibility:** As a partner of Math Harmony, your organization will be recognized for its commitment to education and social responsibility.
- **Long-Term Engagement:** By supporting our tutoring program, you can establish a lasting relationship with Math Harmony and continue to impact the lives of students in the future.

Conclusion:

Education is the key to unlocking endless opportunities for students, and with your support, we can make a difference in their academic journey. Together, let's create a harmonious learning environment where every student has the opportunity to thrive in math and beyond.

Thank you for considering this partnership opportunity. We look forward to the possibility of working together to empower students through Math Harmony.

Please fill out the form below if you are interested in participating in our mission to do more mathematically.

Sincerely,
MATH HARMONY
