David Pinkston is a U.S. Army 10th Special Forces veteran, engineer, and lifelong seeker of God's truth, whose discovery of Scripture at age 44 transformed his understanding of faith and purpose.

His first book, *To Open One's Eyes: Untaught Mysteries of the Holy Bible*, inspired readers to challenge tradition and rediscover the living Word.

With the discipline of a soldier and the conviction of a servant, Pinkston writes not to preach but to provoke thought, to help others see what he has seen. His mission is simple: to lead readers back to Christ through the power of unfiltered truth. His mission is simple: to lead readers back to Christ through the power of unfiltered truth.

“ To Open One's Eyes ”

Book link to amazon:
<https://www.amazon.com/Open-Ones-Eyes-Untaught-Mysteries/dp/B0DP5ZQ3SC>

The To Open One's Eyes uses the “living guide” of the King James Bible to lead us thru scripture to open readers' eyes to mysteries that were common knowledge in the first century but are no longer taught or understood. This book debunks both science and church tradition to open eyes to a new awareness and strength in faith.

This book is a must read for believers and nonbelievers alike. Based solely on Scripture this book takes one completely through creation the way God has told it, why God tries us, and why discrepancies and contradictions in the Holy Bible exist and why such is giving strength to God's perfect truth rather than dissolves it.

The Untold Story of Satan's Seed uses the "living guide" of the King James Bible to lead us thru scripture to open readers' eyes to the methods Satan has used and is using to deceive the whole world.

“ The Untold Story of Satan's Seed ”

<https://www.amazon.in/Untold-Story-Satans-Seed-ebook/dp/B0G4W8W9J6>

This book is a must read for believers and nonbelievers alike. Based solely on Scripture this book takes one completely through the precise coming of the Messiah prophesied in Daniel. It then continues through the misunderstood warnings and words of Jesus to the entrance of the prince of the world.

“ About GOD's Peons ”

A Peon is a laborer; God's Peon is a laborer for God

Knowing the God is Almighty and our creator, God's Peons has a philosophy that whatever we believe as individuals, we as individuals are responsible for our own belief and not responsible for someone else's belief. As such, we do not tell you what to believe as you are responsible for yourself, but we do encourage people to regularly read the King James Version of the Holy Bible.

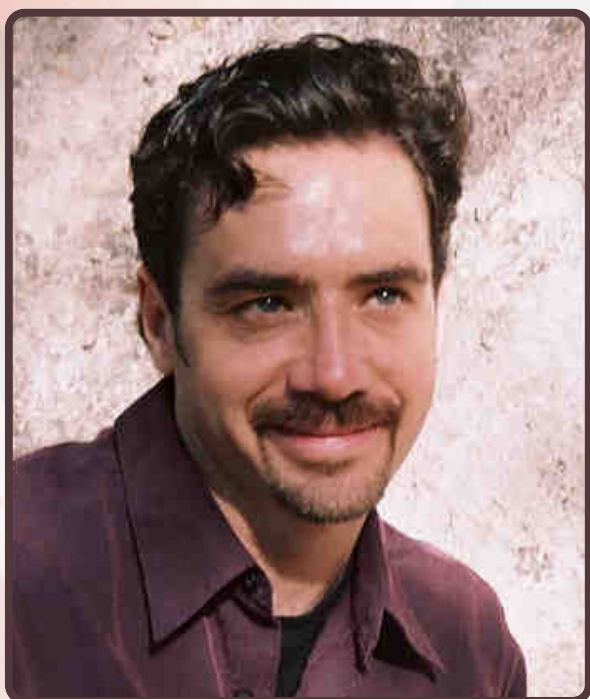

We know that not one translation of scripture in any Bible version is perfect. This is caused by the influence of the impurity in each of our hearts. The imperfections of these revisions is most often unintended. However, imperfections will always tend to lead away from God's truth. As such we prefer to remain with the earliest versions of the Bible.

When clarity is needed we encourage comparing to the 1599 Geneva Bible and the Revised Standard Version. We also encourage cross referencing with a Hebrew - English translation dictionary for the old testament and a Greek - English translation dictionary in the new testament. Only as a last avenue do we go into the New King James Version for clarity.

At the bottom of each page is a link to our blacklist of Bible versions we do not recommend using. The verbiage used can be read in online versions of the Bible. Our criteria is simple. It is to have no change in influence or meaning in any of the three parts of the verse Genesis 1:2 and to have no disruption of the capital letters in Genesis 1:5, 1:8, and 1:10 as compared to the King James Version (KJV) or the 1599 Geneva Bible (GNV). The book *To Open One's Eyes: Untaught Mysteries of the Holy Bible* by David Pinkston dives into the reasons why we try to follow these recommendations in chapter 4.

J Karston Buli is more than just an author; he is a conduit for Divine Light, expressing divine messages through art, literature, and music. "I only paint, write, or compose music when I'm connected to and guided, in the moment, by the Divine Light or Universal Consciousness," Buli explains. His work is deeply inspired by his personal experience of wrongful detention, where he spent over six years in solitary confinement. During this time, he reconnected to Divine Source via the Holy Spirit and promised, if released, he'd serve as an instrument of God through his art, music, and writing, to connect people to Divine Source when viewing, listening & reading his divinely-inspired work to 'save souls.'

Following the release of 'Full Circle,' Buli plans to write a non-fiction, autobiographical suspense thriller similar to 'Midnight Express' and 'Unbroken' and is set to be released in Q4 2026. This project continues his journey of sharing divinely-inspired stories and messages of resilience, faith, and redemption.

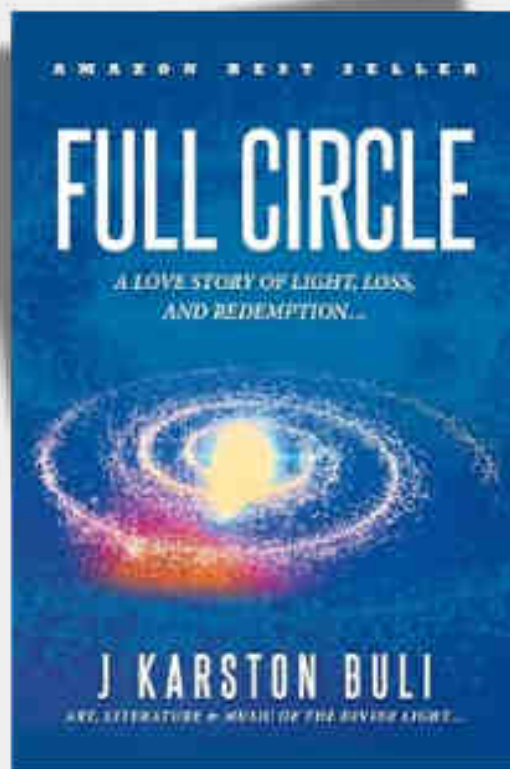

Author's website:

<https://www.jkarstonbuli.com/>

“The suspense-thriller romance novel ‘Full Circle,’ is a love story... an epic journey of grace, loss & redemption between a man & a woman & their sons as each struggle lifelong to find the Truth, the Light & the Way... to transform, heal and reunite...coming ‘full circle.’ The story begins with the patriarch, John Djeer, who is an empath with special ESP powers & who has invited his estranged family of two sons, David and James, and his cunning, alluring & brilliant ex-wife Ravina, to Bali for a family conference only to be upended by Islamic extremists. As they all struggle to survive in this life & death conflict, will each come ‘full circle’ and elect to embrace the Truth, the Light and the Way to transform, heal, and reunite? Only time will tell.

J Karston Buli’s book masterfully intertwines themes of personal redemption with the larger struggle for survival and divine connection, capturing the essence of human resilience and the complex dynamics of family relationships. Expertly paced and character driven, “Full Circle” offers readers a powerful exploration of how adversity can lead to profound personal and collective growth and spiritual renewal."

“ The Lord, The Mafia, and The Government ”

Carmine's main purpose in writing this book at this time is to show that the government was the same thirty-six years ago as it is today. What the government officials did to him all those years ago compared to what they are executing against the President today is similar. In his opinion, his experience shows that no matter what candidate is running for a political position, if the opposition doesn't approve of him or her, then the government will destroy that person. To Carmine, it's like history repeating itself, and he hopes that his book will open your eyes.

The messenger of God told Carmine to inform you, the reader, to open up your eyes and pay attention to what they are doing to this president! This book is about Carmine's gift from God, how he used it, and how he still uses it to help people today! Carmine has had an opportunity to have met some of the most powerful top Mafia chieftains of days past and officials in politics with the underlying ways of the government.

To the Reader

When I was considering writing my story, I had to decide whether I wanted to tell a fictional story or just record factual events. In order to get the American people to be enlightened to the reality surrounding President Donald Trump, I decided to tell the true facts in a story form. Everything you read is accurate and can be verified using FACT CHECK except the beginning chapters about my life as a young man.

Americans need to take the rose-colored glasses off and realize that our government has been corrupt long before President Trump took office. He was elected to clean out the Washington swamp, and he seems to be accomplishing that task quite well. In my opinion, the only reason elected officials are fighting so hard to eliminate and discredit him is because he is exposing their crimes to the American people. Who can grasp that the corrupt politicians never planned on “fixing” our governmental system? They care about lining their own pockets with American dollars! They create laws, but they only apply to other Americans, not them. Why don't they have the same set of rules to live by that the rest of us citizens do? Why don't they live with our income limits and insurance premiums?

One of my reasons for telling this story is that I feel the need to make the American people aware of the crooked business practices of our government bending existing laws or creating new laws that have been going on for at least 40 years. Is our government corrupt? Does our government create a list of people to eliminate? Do they create situations to set those people up as guilty? My interest and support in writing this book is to show support and the truth in the support of President Donald Trump.

My second reason for writing this story is to tell the world about my Jesus and my gift. I believe I was in prison for a specific reason and that was to be anointed to help people. Sometimes the world is talking so loudly that we can't hear the voice of God. Is God real? Can a mere man really talk to God? Can a Mafia man really experience God's love and change his life? Can a former Mafia man really receive forgiveness and a heavenly gift from his God?

Names have been changed, or I chose to only use first names, to protect people from recognizing themselves. Many of my co-conspirators are dead by the date of this publication. What's tomorrow going to bring? Read my book and you may gain good direction. I am just a normal man, a believer; it happened to me and maybe I can lead you to my Lord. I want to invite you to track my adventures in my search for the answers. Stop by my church anytime...God does, maybe you can meet! Please follow my life and learn of the path I chose to follow.

Prelude: The Takeaways — It Was All Purpose-Driven

A Purposeful Life is a testimony of God's sovereign hand at work through hardship, transition, obedience, and endurance. Looking back across every season, one truth stands clear: nothing was wasted. Every trial, delay, and refinement was purpose-driven, orchestrated by God to shape faith, character, and calling.

From humble beginnings, my early life became the foundation of resilience and trust in God. Raised in a Christian home, I learned values of love, humility, endurance, and gratitude that carried me through poverty, danger, and sacrifice. Hardship did not produce bitterness; it cultivated courage. I learned early that challenges are not meant to defeat us but to prepare us.

As life unfolded, God's definition of "better" often arrived through unexpected and stretching paths. Education, professional opportunities, and service in underserved communities revealed that provision and protection walk hand in hand with calling. Political upheaval, career changes, and personal missteps never removed God's presence. Transitions were not disruptions but classrooms of faith, where obedience matured and trust deepened.

Seasons of joy were often intertwined with testing. Marriage, motherhood, and career growth brought both blessing and strain, yet God's provision consistently arrived ahead of need. His healing—physical, emotional, and spiritual—testified to His nearness. Even under systems resistant to faith, His favor opened doors no human effort could secure.

The most refining chapters were forged in fire. Betrayal, injustice, and danger became the furnace where forgiveness was learned and faith purified. In isolation, God taught me to hear His voice clearly, to love beyond betrayal, and to stand unshaken in truth. Endurance was not passive; it was obedient perseverance. God proved Himself the righteous Judge, turning injustice into testimony and pain into purpose.

Calling became clearest while walking through fire. Serving displaced and vulnerable women revealed that ministry is lived out through compassionate action. Obedience gave birth to organizations, advocacy, and reform that crossed borders, removed barriers, and enabled lasting success. Though the cost was high, God's provision was faithful and His purpose enduring.

One of the clearest fruits of endurance is seen in my children. Raised in prayer, discipline, humility, and dependence on God, they grew into faith-centered adults living solid middle-class lives while serving Him. Today they contribute as engineers—including a space engineer—an architect, and a director of finance for one of the Fortune Five companies. Their success reflects God's faithfulness across generations.

Ultimately, A Purposeful Life declares this truth: when a life is surrendered to God, every season—fire and favor alike—becomes a vessel of purpose. Obedience yields impact, endurance brings reward, and faith turns scars into testimonies that bless generations.

Dominik Poleski (pen name), born Tadeusz Chmielewski, grew up in a small town in Poland near the border with the former Soviet Union. As a curious child and teenager, he experienced firsthand the harsh realities of life under a totalitarian communist regime—marked by misery, poverty, persecution, and hopelessness. These early experiences left a deep and lasting impact on his psyche.

In 1972, his parents traveled to Canada for what was meant to be a temporary visit, but it soon became permanent. This sudden change left the family separated and scattered for several years. During this time, Dominik and his two brothers lived in different parts of Poland, enduring severe hardships in a hostile world where little made sense. The country remained under the grip of a totalitarian communist system, dominated by rigid Marxist-Leninist ideology.

Later, Dominik moved to Lublin to live with his aunt, where he graduated from the Institute of Technology in Design, Construction, and Maintenance of Railways. By the late 1970s, the brothers were finally reunited with their parents in Edmonton, Alberta, Canada. In the early 1980s, Dominik attended the Northern Alberta Institute of Technology (NAIT), graduating in Civil Engineering Technology. Several years later, he pursued his passion for storytelling and earned a diploma in Creative Writing.

“ The Sephina Series ”

The Sephina Series is a single-volume fantasy book based on the biblical story of Joseph of the Old Testament. He was the twelfth son of his father, Jacob. [His story was once readily recognized by “Joseph, The Dreamer”, “Joseph, The Prince of Egypt”, and “Joseph with the Coat of Many Colors”.] In my book, Sephina the main character, is a fictional, Nubian female, who depicts the life of Joseph, but with several other twists.

The Sephina Series reads like a fairy tale of a princess, her prince, and her God. It tells of love, forgiveness, and the faithfulness of Jah, Sephina’s God. It explores a number of life’s challenges, with some drama, and several adventures. It even comes complete with the ‘happily ever after’ ending.

On this thought-provoking episode of DAILY SPARK TV, Dr. Angela Chester interviews David Sequeira, Ph.D, author of *The Machismo and Marianismo Tango*, to explore the complex dance between gender roles, cultural expectations, and personal empowerment.

“The Machismo and Marianismo Tango”

by: David Sequeira, Ph.D

Machismo, the male ideal so specific to Hispanic culture, is complemented by its corollary marianismo, the female ideal. Both are examined in this careful study, along with the Post-Traumatic Stress Disorder that so often accompanies-and, in fact, overhangs-the lives of the women who have survived the abuse that machismo too often inflicts.
