

# Household Goods Moving, Your Way

Atlantic Relocation Systems offers both Affinity Vaults containerized service and traditional full-service Atlas moving solutions for household goods.

Small shipments are no problem for us

Automobile shipping seamlessly arranged

We can pack, or you can. Unpacking also available

## Two trusted ways to move with one experienced team

Atlantic combines local ownership and service coordination with Atlas national reach giving customers a choice between a trusted containerized model and a traditional van-line move for their household goods.

### Affinity Vaults

Reduced handling, containerized pricing, pre-scheduled delivery planning, secure transport with flexible storage options, and expedited shipping options. Great for small to mid size moves.

### Traditional Style move

Full-service household moving typically allows for a dedicated crew leader on both ends. This model is great for large or more complex moves which are traveling either short or long distances.

# Why customers choose Atlantic/Atlas

A household-goods focused move plan backed by Atlantic award-winning service and Atlas reach.

Atlantic has served customers since 1966 and runs owned-and-operated regional household moving locations across all U.S. time zones. Through its Atlas agency relationship, Atlantic extends its service coverage with a national dedicated trusted and proven vetted network of professional partners who operate with a very high standard of conduct.

## 1966

Atlantic was founded in Atlanta, GA. By 1971 it had already started to expand nationally

## 8 + 3

8 owned & operated U.S. regional locations with 3 global admin support centers

## 200+

Dedicated local Atlas agents supporting storage and moving solutions throughout North America

## Tech

AI driven technical tools connected to real-world assets for best-in-class results

## Screened

Our standards provide comfort with a No Stranger in Your Home® background screening process

## Atlantic service model

Dedicated household moving counselors, owned and operated locations with technology-driven care, built with local execution and award-winning national coverage.

## Atlas support

Residential moving support for storage and/or packing. Large vetted agency network with a screened crew program that expands our reach through qualified labor and standardized operating procedures.

## Customer experience

Convenient AI driven surveys, fast and flexible quote options, leading communication tools, and the ability to scale seamlessly from local HHG moves to national and global relocation execution with award winning customer satisfaction.

Estimate options, packing, storage, and flexible household goods services can all be scoped through one Atlantic-led move plan.

# Traditional full-service HHG moves

Atlantic-managed moves additionally supported by the award-winning Atlas storage, packing, and vetted labor network.

A traditional van-line move is designed for customers who want end-to-end same crew leader moving services. From packing, to loading and transporting, through delivery, high touch and specialized services are the best fit for this model. Rigorous crew standards are upheld through the No Stranger in Your Home® program for full service moves as well as our containerized solutions. Our global support team follows the sun for extended hours coverage and operational efficiencies.

Local + long-distance

Packing options

Storage support

Global admin support

## 1. Survey & estimate

Start with an assisted, or a self-service, virtual AI powered survey and get a quick no cost custom tailored household move estimate.

## 2. Packing choices

Choose from full packing, partial packing, special-item packing, and unpacking support.

## 3. Transportation

Atlantic and Atlas can accommodate local, intrastate, and interstate, transportation service needs.

## 4. Storage if needed

Use Storage in Transit, or longer-term warehousing, when dates do not line up for direct delivery service.

## 5. Delivery & support

Dedicated team to stay in contact during the delivery date once everything is confirmed.

Atlas supports Atlantic through a dedicated network of more than 200 agents in North America.

# Affinity Vaults: Atlantic's containerized HHG solution

Built for predictable scheduling, reduced handling, and container-based service.

## What customers like about Affinity

- Container is sealed at origin and opened at destination
- Reduced handling helps limit opportunities for loss or damage
- Pricing is tied to the number of containers
- Standard scheduling can be set at the time of booking
- Flexible cost-effective storage options with no rehandling

## How the containerized model works

- Household goods are padded, protected, and loaded into Affinity Vaults.
- Vaults move inside a trailer instead of loose loading goods into a van.
- Standard and mini-vault formats help match capacity to move size.
- Oversized items can be scoped and handled separately when required.

## Available vault formats

### Standard Affinity

Approx. exterior 87.5" L x 92" W x 100" H | interior 84" L x 89" W x 95" H | about 412 cu. ft. capacity | holds approx. 2,500# | accommodates most oversized items

### Mini Affinity

Approx. exterior 94.37" L x 47.17" W x 92" H | about 235 cu. ft. capacity | holds approx. 1,250# | typically used when smaller capacity is the better fit | ideal for small shipments

**Best fit: customers who want a container-based move plan with reduced handling and scheduling clarity for household goods.**

# Containerized network and service reach

Owned and operated closed-loop container network - plus Atlantic and Atlas coverage that supports all types of HHG moves.

**4,000+**

Owned steel proprietary containers

**70+**

Dedicated container service locations in the U.S. and Canada

## Operated labor network

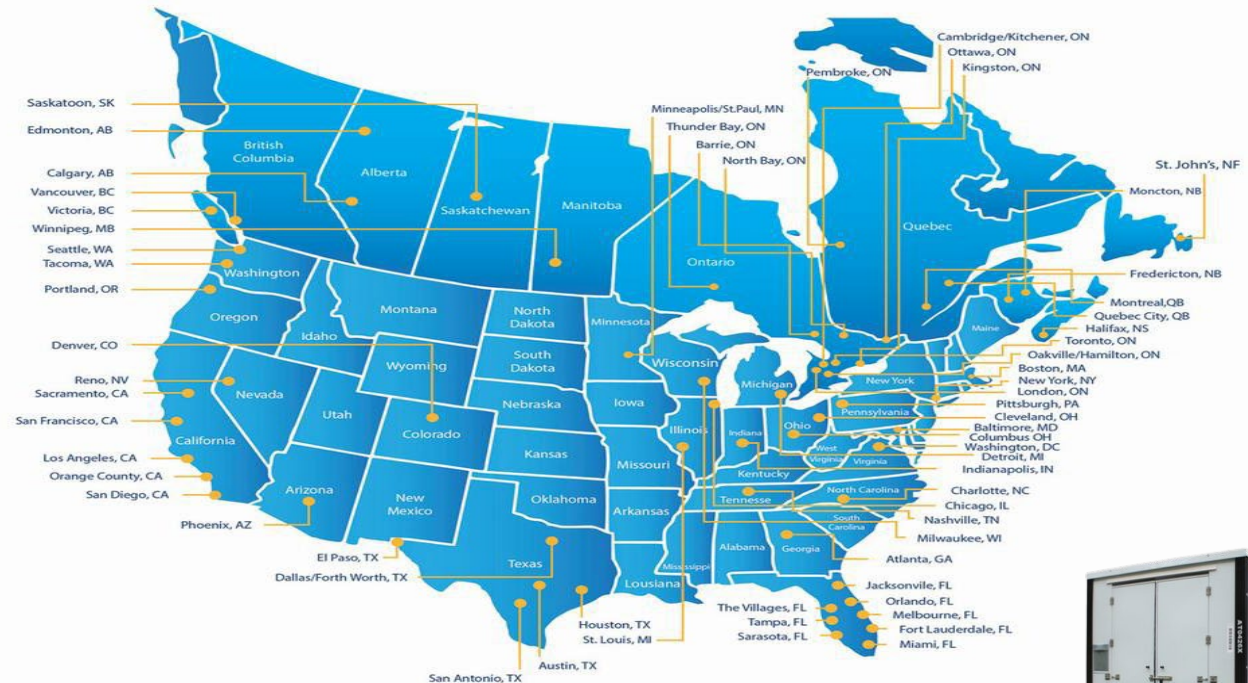

Affinity labor network is operated - not outsourced. Most container moving providers do not directly provide the moving labor.

### Atlantic owned & operated locations

- Atlanta/Tucker, GA
- Los Angeles, CA
- Houston, TX
- Dallas, TX
- Tacoma, WA
- Denver/Aurora, CO
- Sarasota, FL
- Indianapolis, IN (administrative)
- Phoenix, AZ (administrative)

**We own custom equipment to create efficiencies which help reduce shuttles and rehandling charges where possible.**

## AVAILABLE IN A CITY NEAR YOU

# Choose the move model that fits your household

Atlantic can scope either solution around your timing, shipment size, destination, and service needs.

## Affinity Vaults – containerized moving

- You want a container-based HHG move with reduced handling.
- A clear delivery plan and expedited service are important priorities.
- Your move fits within our dedicated closed-loop owned-and-operated container network.
- You want to secure your goods in sealed containers exclusive to your shipment.
- You may need short-term storage while in transit.

## Traditional full-service moving

- You want a conventional van-line move with high-level touch throughout.
- You may have moved with traditional service before and enjoyed the experience.
- You have a larger shipment, a more complex residence setup, or are moving through your employer's dedicated move policy program.
- You prefer the same crew leader at origin and destination (if possible).
- You may need long-term storage at either origin or destination.
