

How to Create Your Own Identification Code

1. Creating your own 4 letter area

Take the first and last letter from your First and Last name

example:- Lily Jones would be **LYJS**

2. Creating your entry number

Take the first 3 numbers of your birthday but don't start with a '0'

example:- Lily was born on the **1st April (fourth month) 2004**
her number would be **142**

3. Your last number will be the same as 1939

This number is your position in the family. Age order from oldest to youngest.

Lily lives with her dad, mum, and little sister.

1. Dad, 2. Mum, 3. Lily, 4. Little Sister

Lily now has an Identification Code of :- LYJS 142 3
