11:59 p.m. on Friday, July 31, 2026***

This RFP pertains to FY 2026 new and renewal project applications.

The CoC Consolidated Application consists of the FY 2026 CoC Application, the FY 2026 Priority Project Listing, the FY 2026 New and Renewal Project Applications, as well as any required forms and attachments. The SCEH Grant and Project Monitoring and Development Committees provide support for this process, and our CoC Collaborative Applicant, the City of Sioux City, submits the application as recommended by the SCEH Project Monitoring and Development Committee and approved by the SCEH Board of Directors to HUD.

New Projects may be created through reallocation, DV Bonus, CoC Bonus, or a combination of reallocation and bonus; and CoC Planning. There is a new option for this year called transition for applicants that are eligible for a renewal application that want to change the project component for the FY2026 grant application.

New Projects created through reallocation or CoC bonus are limited to the following types of projects on page 13:

- SSO Projects
- TH Projects
- PH-PSH
- PH-RRH
- Dedicated Homeless Management Information System (HMIS) for the costs that can only be carried out by the HMIS Lead, which is the recipient or subrecipient of an HMIS grant, and that is listed on the HMIS Lead form in the CoC Applicant profile in *e-snaps*.
- SSO-CE project to develop or operate a centralized or coordinated assessment system.

New Projects created through the DV Bonus are limited to the following types of projects starts on page 12:

- PH-RRH projects dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking that are defined as homeless at 24 CFR 578.3.
- SSO – Coordinated Entry project to implement policies, procedures, and practices that equip the CoC's coordinated entry to better meet the needs of survivors of domestic violence, dating violence, sexual assault, or stalking.
- Transitional Housing
- DV Bonus PH-RRH and TH projects must have a budget of at least \$50,000

Expansion Project – see page 16 of NOFO.

- The process used by eligible renewal project applicants to add funds to an existing CoC Renewal, DV Renewal or YHDP Renewal project to expand its current operations either through reallocation, DV Bonus or a CoC Bonus project application. The new funding being added to the existing renewal must be submitted as a new project in *e-snaps*. This portion of the project is known as new expansion project.

Transition

- A Transition grant is an application to fund a new CoC project through the reallocation process to transition eligible CoC renewal project(s) (including a Special NOFO project or DV Renewal project) from one program component to another eligible component over a 1-year period

Outside of reallocation, transition, CoC Bonus, DV Bonus, and CoC Planning, there are no new funds

available for new projects.

While HUD's final CoC Program Application deadline is **Wednesday, August 26, 2026**, the SCEH's local deadline for all New and Renewal Project Applications and required attachments and supplemental documentation is **11:59 p.m. on Friday, July 31, 2026**. This will ensure the Project Monitoring and Development Committee has enough time to review, prioritize, and rank the project applications and notify the project applicants before submitting the entire CoC Program Application to HUD by the **August 26, 2026**, deadline.

Funding amounts:

SCEH's Preliminary Pro Rata Need (PPRN) = \$701,183
