Aqua Dive and Watersports

Where family, friends, and fun come together.

Advanced Open Water Diver \$240

What you learn:

You will start planning your Advanced training with you instructor and fellow classmates by choosing from a list of Adventure dives. There are 2 required dives –Deep and Underwater Navigation– and you choose the other 3 for a total of 5 dives. Other common dives to choose from are Drysuit Diver, Altitude Diver, and Peak Performance Buoyancy.

- If you chose to do Drysuit as one of the Adventure dives, there is 1 pool session before the dives working on how to use a Drysuit and practicing your skills.
- There is also 1 classroom session in which we will go over which dives we will be doing at the lake, a review of the Advanced manual and Knowledge Reviews for those dives and to go over any paperwork
- You will then meet you Instructor at the lake for all 5 of the dives over 2 days.

What's included you ask:

- Your Advanced Diver Manual.
- Discount on any rental gear you need.
- 20% off regular priced mask, snorkel, fins and boots.
- Special pricing on a purchase of a dive computer

Due to health requirements it is required that you have your own Mask and Snorkel. As well as your own personal mouthpiece for the rental regulator.

Prior to any course starting there is a medical form that is required to be filled out. If you answer "YES" to any question on this form then you must see your Doctor before continuing on the course.

Links to the form can be found on our website.

Add on Drysuit Specialty \$119

Diving in a Drysuit in cold water is a real benefit to both your experience and fun underwater. If you plan on diving locally in the lakes or even out on the coast you will need you Drysuit Diver Specialty card. This will give you the tools on how to properly use a Drysuit and the different buoyancy characteristics and will also allow you to rent one on dive trips. If you add on the Drysuit Specialty with your Advanced course you will get one extra dive in the lake to demonstrate you Drysuit skills and the Drysuit specialty card.

What's included you ask:

- Drysuit Diver manual.
- 1 pool session within the Advanced course.
- Discount on rental gear.
- 1 extra dive in the Advanced course.
