

Open Water Dives—\$200

The final step in your Open Water Certification. This is where the new friends you have made along the way continue your adventure and put everything together you have learned. There are 2 options for this. Either in a local lake or on a warm vacation you are taking. Our open water dives are semi-private this means that you are not crowded with a large group. The dives are done at a slower pace in order to sharpen your skills to insure you are safe and all skills are mastered to make you a better and more confident diver. There are 4 dives required to complete.

What we offer:

- 4 Open Water dives in open water lakes.
- All Scuba gear (Mask, Snorkel, Fins and Boots are not included nor available to rent).
- Certification Card.

Add on Drysuit Speciality with your open Water Dives \$95 extra

Don't like the sounds of diving cold water in only a wetsuit. Why not do all the Open Water dives in the comfort of a Drysuit. With this add on you will get 1 pool session to jump in the water with the Drysuit on and practice new skills and buoyancy. You then be able to use the Drysuit for all 4 of your Open Water dives, PLUS you will get an additional dive to complete your Drysuit Speciality course. That's 5 dives total and 2 certifications!

Includes:

- 5 Dives in a Drysuit
- 1 pool session
- All Scuba rentals (except for Mask/Snorkel/Fins)
- Drysuit Manual
- Drysuit certification card
