

Open Water Dives—\$219

The final step in your Open Water Certification. This is where the new friends you have made along the way continue your adventure and put everything together you have learned. There are 2 options for this. Either in a local lake or on a warm vacation.

Locally these dives can be completed in the Spring/Summer time with us either at Two Jack Lake, Lake Chaparral, or Waterton Lakes. Open water dives are semi-private this means that you are not crowded with a large group. The dives are done at a slower pace in order to sharpen your skills to insure you are safe and all skills are mastered to make you a better and more confident diver. There are 4 dives required to complete.

What we offer:

- 4 Open Water dives in open water lakes.
- All Scuba gear (Mask, Snorkel, Fins and Boots are not included nor available to rent).
- Certification Card.

Add on Drysuit Speciality with your Open Water Dives \$119 extra

Don't like the sounds of diving cold water in only a wetsuit. Why not do all the Open Water dives in the comfort of a Drysuit. With this add on you will get 1 pool session to jump in the water with the Drysuit on and practice new skills and buoyancy. You then be able to use the Drysuit for all 4 of your Open Water dives, PLUS you will get an additional dive to complete your Drysuit Speciality course. That's 5 dives total and 2 certifications!

Includes:

- 5 Dives in a Drysuit
- 1 pool session
- All Scuba rentals (except for Mask/Snorkel/Fins)
- Drysuit Manual
- Drysuit certification card

Open Water Traditional Course—\$249

The PADI Open Water Diver Course is the basics of diving. This is your start of something fun and exciting. All our courses are performance based not timed based meaning we will give you as much time as you need in till your comfortable and your skills are mastered. This program consists of:

- Knowledge Development. Using your Open Water Crewpack provided for you when you signed up you will read the book in full. You will then get together with your instructor to go over your books, watch some videos, review the dive tables, learn how to use a dive computer, and complete some quizzes and a final exam. You will also have this time to ask any questions you have.
- Confined Water Dives in the pool. This step in your training is where the fun really starts. You will be practicing and demonstrating the skills you learned in your Knowledge Development. There is 5 confined water dives needed, generally done over 1 weekend or over 5 nights during the week.

What's included you ask:

- Your Open Water Crewpack.
- 2 full days or 5 evenings in the class and pool.
- Dive computer simulator.
- Use of all scuba gear in the pool.
- Your own personal mouthpiece for the regulator.
- 20% off regular priced mask, snorkel and fins.
- 20% off on regular priced wetsuits.
- Special pricing on a purchase of a dive computer
- Referral in your log book to complete your Open Water Dives for your certification.

Due to health requirements it is required that you have you own Mask and Snorkel for the pool.

We offer all our pool session conveniently in our large in-store pool, which is 13 feet deep and kept warm so you wont have to worry about wetsuits!
