\$1.00 per AI Minute used to be billed monthly.

What's Included:

AI Voice

- Our AI CSR answers your missed calls and speaks to your customers just like a team member would.
- System Integration – We run the most advanced workflows in the industry to ensure your calls don't just get answered, but create jobs, customer records, follow up tasks, and anything else you can imagine
- Notifications – Notify the right people! We use advanced AI to parse key elements out of a call to ensure the right person is notified at the right time! Plumbing emergency at 3AM? We'll call and text your on-call technician to make sure that customer doesn't go unassisted
- Call Logging – Every call comes with a detailed report to show you a transcript, recording, key data points, company notes, and who was notified
