Commanders Notes

February was a busy month for the Post. We celebrated the second anniversary of our Post home, and we had our Four Chaplains Service. New floors were laid down in the Post, and ooolala, what a difference they make. We had a good turnout for our meetings in February. Yes, February was a good month for the Post.

How can we top that? Well March 1st is National Peanut Butter Lovers Day, and we have Jane's Clam Chowder, stuck in there between National Meatball Day and St. Patrick's Day is the American Legions 102nd Birthday.

What a blow-out that will be. The Auxiliary will have a table along with the Sons, and the Riders. Of Course, American Legion Post 166 will also have a table. There will be pizza, cookies, soft drinks, and the Cantina will be serving adult beverages at a reduced price. There will be prizes, and a drawing, and did I forget that there will be a big birthday cake. So come out March 15 , starting around 12:00.

After all the bluster from some of our members, we do have our new by-laws. The members that stayed and toughed it out, my hat is off to you. The old saying "if it don't kill you, it makes you stronger", I must say they have not killed us, and the Post has grown stronger.

Many years ago, when I first took over this Post, I wanted the motto to be, "The can do Post". Well we are the can-do Post. We have hung in there and we are moving and grooving.

What I am trying to do is say "Thank you very much", to the members who stayed loyal to the Post, you are the greatest.

For God and Country

Robert "Bob" Scott
Commander

Focus on How The Members of Post 166 Are Helping Our Veterans and Active-Duty Military

Yard Sale for the Troops, Dorene and Jeff Bettis

Ensuring Our Active Military Know They Are Appreciated.

Yard Sale for the Troops is located in the Howard Flea Market, on the main aisle in booths 47 through 51 (next to the ATM machine and the beer garden). The organization collects gently used donations, which are sold at their store. The proceeds are used to purchase items for CARE packages for our troops stationed overseas, and who need to be reminded the America has not forgotten them and appreciates every sacrifice they are making for all of us. Donations are accepted any Saturday and Sunday at the store. For more information visit their Facebook page [Yard Sale For The Troops](#).

This is a new monthly spotlight on those members who go beyond in helping our Veterans and our Military. If you have an organization or volunteer; we want to hear from you. Please email The Phoenix @ thephoenixthevoiceofpost166@gmail.com

The American Legion 102nd Birthday Speech

The American Legion was born during a global pandemic. The Center for Disease Control estimates that 50 million people died of an influenza outbreak which was first identified in 1918, spread rapidly in 1919 and continued into 1920. An estimated 500 million people—one-third of the global population—were infected, according to the CDC.

The doughboys of World War I suffered greatly. Though it was frequently referred to as the “Spanish Flu” some trace the first outbreak to Camp Funston, Kansas. In 1918, more than 121,000 sailors and Marines were admitted to Navy hospitals for influenza. It is estimated that the disease caused many of the 63,114 “non-battle deaths” of U.S. service members during World War I.

Yet, out of the ashes of what was then the deadliest war in world history and in the mist of what is still the worst flu pandemic ever known, came an organization that was devoted to, among other things, “mutual helpfulness.”

Strong evidence suggests that The American Legion was not organized in spite of these hardships but because of them. Life was not easy for the founders of The American Legion. They had experienced trench and chemical warfare, earth-shattering artillery, dysentery, cholera and typhoid. They watched many of their closest comrades die before the nation’s preeminent World War I organization would even come to be.

Yet it did come to be. In Paris, France, March 15th through 17th, 1919. This new organization of American veterans of the “Great War,” would later develop a constitution with a Preamble pledging to “promote peace and goodwill on earth.”

It is a pledge that Legionnaires continue to repeat during the opening of every American Legion meeting. The founders had experienced the horrors of war and felt a special obligation to avoid future conflicts unless America was truly threatened.

In 2019, the nation’s largest and most respected veterans organization celebrated its centennial. A year into its second century of service, The American Legion inspired

its members again to answer their nation’s call ... so it could weather another global pandemic. Social-distancing and safety became priorities, but service remained the mission. American Legion Family members made face masks, collected gloves and provided other personal protective equipment for first responders and health-care workers.

Posts served as supply centers and drive-thru food pantries. Departments held on-line job fairs for veterans and their spouses. Blood donations were made in American Legion parking lots and meeting halls.

As a precaution, many of the traditional large American Legion Family gatherings were either put on hold or morphed into teleconferences.

Throughout the year, National Commander James W. “Bill” Oxford sent a consistent and clear message that not even a global pandemic would stop The American Legion from its mission—veterans strengthening America.

“We have faced down enemies, foreign and domestic throughout our nation’s history. While the threat is ominous, we will once again work together to overcome it,” he vowed.

After receiving a donation of 250,000 face masks from the organization’s close allies in Taiwan, The American Legion quickly sent 10,000 of the coverings to the Holyoke Soldiers Home in Massachusetts. The facility had been ravaged by COVID-19, which reportedly took the lives of 76 patients there.

“We owe it to our nation’s veterans to ensure that these types of tragedies do not repeat themselves,” Commander Oxford said.

The economic consequences of the corona-virus have been devastating. Businesses shut down, vacations were canceled and lawmakers argued over the size of relief packages.

During a virtual meeting of the National Executive Committee in October, American Legion leaders passed a “Buy American” resolution, which called for the return of manufacturing from overseas and the creation of more domestic production of goods.

The N.E.C. also established a Mission Blue Post Assistance Program, which provides one thousand dollar grants to active American Legion posts that participated in at least one American Legion program in the most recent 18 months and were adversely impacted by health protection restrictions.

Crisis response is nothing new to The American Legion. Its National Emergency Fund has provided relief to natural disaster victims for decades. During the prolonged government shutdown of 2019, The American Legion provided more than one million dollars of Temporary Financial Assistance to Coast Guard families who experienced payment delays.

The American Legion's commitment to service has continued throughout the COVID-19 crisis. Post 483 in Queens, New York has regularly provided meals and delivery to area home-bound veterans and seniors in need.

The American Legion Operation Comfort Warriors program provided an \$18,000 grant for the purchase of iPad's so hospitalized patients in the VA Minneapolis Health Care System can have virtual visits with their loved ones.

American Legion Post 176 in Springfield, Virginia, joined with Philips North America as a tele-health host, so patients would not have to risk additional exposure when traveling for medical appointments. The initiative, Project ATLAS, is expected to spread among many participating American Legion posts.

Post 65 in South Phoenix, Arizona, teamed with the HeroZona Foundation to provide thousands of free drive-thru COVID-19 tests to residents of the Grand Canyon State.

The results of an American Legion COVID-19 survey indicated that forty percent of veterans believed that communication with friends and families was the most important factor in their emotional well-being.

Prior to the pandemic, an estimated twenty veterans a day were committing suicide. From 2020 to 2021, The American Legion Buddy Check program took on an even greater importance.

Legionnaire Leroy Lippi, Jr., of Post 272 in Linglestown, Pennsylvania conducted no fewer than 438 buddy checks in less than one month.

Jennifer Havlick, a Legionnaire from Post 109, in Two Harbors, Minnesota, led nightly Zoom meetings and mobilized what she terms "enhanced Buddy Checks," to communicate with — and run errands for — veterans quarantining at home.

In early 2021, the American death toll from the corona-virus surpassed U.S. losses in World War II. The American Legion has not been immune. Most vulnerable were members of the Greatest Generation, though every age group has been affected.

The challenges of The American Legion's one hundred and first year were not lost on its national commander.

Quote: "We are meeting differently," Commander Oxford said. "We are serving differently, but we are still serving... 2020 is year that many would like to forget, but I truly believe it could be our finest hour." – Unquote.

As The American Legion observes its 102nd birthday, it does so in a spirit of remembrance. Equally prevalent is a spirit of optimism. As vaccines are administered, American Legion posts will continue to play a role.

Just as The American Legion survived and thrived through the Spanish Flu pandemic during the early days of the organization, America's wartime veterans will ensure that The American Legion Family overcomes the current challenge and prospers in its one hundred and second year and beyond.

America needs a strong American Legion, especially in times just like this

God Bless you and God Bless America!

American Legion Auxiliary Unit 166 Department of Florida

4520 S. Suncoast Blvd, Homosassa, Florida

Mail: P.O. Box 767 – Homosassa Springs, Florida 34447-0767

Natalie Scott – President

NEWSLETTER – MARCH 2021

MEMBERSHIP

UNPAID 2021 MEMBERSHIP RENEWALS ARE PAST DUE!

If you have not paid your 2021 Auxiliary dues yet, please do so this week. Your 2020 membership has expired and as of January 31, 2021, you no longer have privileges as a member including entry to a Post, purchase of beverages or food, or voting rights. Your access to Post 166 with your key card has also expired until your dues are paid.

As of 2/19/21, we have surpassed our Unit 166 Auxiliary Department of Florida quota of 109 paid members with 111 members. So far this year, we have 31 new members and 8 transfers from other posts. This is offset by more than 30 members who have not yet paid their 2021 dues.

You may pay your \$30 dues at the bar or mail them to ALA Unit 166, PO Box 767, Homosassa Springs FL 34447. Natalie Scott is again handling renewals and new membership. Once dues are paid, your membership card will be available at the bar within a week. If you would like to have your membership card mailed to you, please include a self-addressed stamped envelope with your payment.

MARCH 15, 2021 – 102nd ANNIVERSARY OF AMERICAN LEGION

On March 15, our American Legion Post 166, SAL, Auxiliary, and ALR will be celebrating the 102nd anniversary of the American Legion. This event will take place at Post 166 from noon – 6 PM with pizza and special drink prices. Please see the Post's newsletter for more complete information.

Our Unit 166 Auxiliary will have a table set up to take new membership applications, transfers, and renewals. We will be able to provide information on the purpose and activities of the Auxiliary. We will also have the Money Raffle fundraiser big entry container at our table so you can easily make your choice to enter at the \$5, \$10, or \$20 level once or many times. The

drawing will be held on May 31 – see more information about the fundraiser elsewhere in this newsletter.

CLOTHING DRIVE FOR DAYSTAR: There will also be boxes set up for new and gently used clothing/shoes, back packs, blankets, sleeping bags, and towels. We will also be collecting non-perishable food items for DayStar. All donations stay in our local area for distribution to veterans in need and those who are homeless in our community. Jan McGough leads our DayStar clothing and food drives and has said that the need is still very high since we have been experiencing cold weather in Florida and still are.

As part of this anniversary celebration, the bloodmobile will be in the parking lot outside Post 166 for walk-in blood donations from 11:30 AM – 5:30 PM. If you wish to give blood, please bring a list of your medications. The bloodmobile will also be set up to do Covid testing for anybody who feels a need to be tested. If you have tested positive for Covid in the last 90 days and are no longer infectious, your blood could be very important to somebody battling Covid in the hospital. Those who have received their Covid vaccinations are not eligible for this part of the blood donor program.

NEW UNIT 166 SHIRTS HAVE BEEN ORDERED!

The first order for our Unit 166 shirts has gone to the printer. This year, we are asking for pre-orders including payment. It would have been too difficult to guess how many of each style to order and what sizes. We expect the shirt printer to provide good turn around time. The currently ordered shirts should be available at our next general meeting on March 8. We will take a second order at the March 8 meeting and at the bar until mid-March with delivery of the second order to be at the April general meeting.

There are three options this year – regular crew neck tshirts, v-neck ladies tshirts, and collared golf-type polo shirts. All shirts are in cotton or a cotton/polyester blend. Cost is \$20 for the crew tshirt or v-neck and \$25 for the collared shirt. When ordering, the crew tshirts seem to be running true to a Hanes-similar men's tshirt. For the v-neck or collared shirt, you may want to go up one size. Don't worry. If the shirt you order is absolutely the wrong size when you receive it, we'll hold it back for someone else and reorder the size you really need.

If you are returning to your out of area home, you can order a shirt at the Post and we will ship it to you for just \$5 per shirt.

UNIT 166 FUNDRAISER – MONEY RAFFLE

To participate, donate either \$5, \$10, or \$20. Staple either \$5, \$10, \$20 or a check to the entry coupon and drop it into the big plastic container on the table right before the bar at Post 166.

email: nnkokafl@gmail.com

You may enter as many times as you wish. Only one \$5, \$10, or \$20 entry per coupon. (If you want to enter five \$20 coupons and pay by check, you will need to write five separate \$20 checks.) On May 31st, a drawing will be held for one money winner. If you entered \$5 and your coupon is drawn, you would receive 5% of the total amount collected. If you entered \$10 and your coupon is drawn, you would receive 10% of the total amount collected. If you entered \$20 and your coupon is drawn, you would receive 25% of the total amount collected. That means that if we have excellent participation and we collect \$4000, \$5 entry winner would receive \$200, \$10 entry winner would receive \$400, or \$20 entry winner would receive \$1000. Remember, one money winner only. There will be a second coupon drawn for a gift basket. You do not need to be present to win. If you are from out of state or too far away in Florida to travel, a check will be mailed to you. The winner of the gift basket would need to pick it up at Post 166.

If you are unable to come into Post 166 and wish to enter, you may mail your entries to ALA Unit 166, PO Box 767, Homosassa FL 34447 and we'll take care of getting them put into the collection container.

All proceeds will be split with 60% going to Auxiliary Unit 166 and 40% going to Post 166.

GIRLS STATE

We have ONE Girls State candidate this year. Vicky Eley is working with our delegate, Breena, who is from Ocala and is a member of her school's ROTC. This is a very busy time for them as they work to complete and submit all of the required documentation required before they are officially accepted. Before they attend, Breena will have to interview a local government official and write a Bill to be presented in a Girls State Congress session. Vicky and Natalie will attend the Girls State orientation at Post 155 Crystal River on March 28 with Breena and her parent(s). This year's Girls State will be from Jun 7 – June 15 in Tallahassee at the University of Florida.

OFFICER NOMINATIONS

Our nominations for officers for 2021-2022 will begin at our March 8 general meeting. Dorene Bettis will again be our nominating chairperson. Nominations will be taken at each of our March, April, and May general meetings, with the election to be held after the May nominations. To nominate or be nominated, you must be a 2021 Unit 166 paid member. Membership cards will be checked at the beginning of each meeting. If you have paid your 2021 dues, but don't have your membership card, check at the bar before the meeting. Your card should be there. If you have lost your card, see Natalie before the meeting to receive a new card.

We will be nominating for President, Vice President, Secretary, Treasurer, Sgt-at-Arms, Chaplain, and Historian. While we hope to have all offices filled with nominees, to retain our charter we MUST have a President, Secretary and Treasurer. If you would like to hold an office, you may either be nominated by another member or you may self-nominate at one of the three meetings.

Installation of new officers and eBoard members will take place in July 2021 on a date to be identified by AL Post 166.

FUTURE MEETINGS

Monday, March 8, 10:30 AM – first nomination of officers for 2022

Monday, April 12, 10:30 AM – second nomination of officer for 2022

Monday, May 10, 10:30 AM – third nomination of officers for 2022 and election of officers

Monday, June 14, 10:30 AM – announcement of eBoard members by elected 2022 President
