EAA Chapter 342  
SE Wyoming, Inc  
**Monthly Newsletter**  
[eea342SEWyo@gmail.com](mailto:eea342SEWyo@gmail.com)

Greetings All!

This month we will meet **Thursday Feb. 13<sup>th</sup> , 7 pm** at **John Nunley's** home, 2508 Sagebrush Ave. Cheyenne, for a **Show n Tell of his Mustang II project.**

I have been hearing about this project since I moved to Cheyenne and am really excited to see his progress. If you need a ride or directions, give me a call (307) 320-5685.

**Thank you to Kory Fogg** for his tour of the State of Wyoming hangar and the state planes. Sorry for forgetting to put out the refreshments, we will do better next time.

➔ **The March 12<sup>th</sup> meeting** will be a tour of the Cheyenne (CYS) Control tower. We are still working on the details, but we know that the tower personnel would like an estimate of the number of people attending. **The number in the "cab" at one time is limited** as is the room for us to wait down below.

➔ **Please let us know if you plan to attend, either at the Feb. 13<sup>th</sup> meeting or by emailing [eea342sewyo@gmail.com](mailto:eea342sewyo@gmail.com)** or give me a call.

**EAA Chapter 342 Dues** are \$25.00 and payable in January. Thank you! We greatly appreciate your membership and hope you will join us for breakfast fly-ins, fly-outs, members' project show 'n tell, and other various chapter activities.

Support your Chapter!

Pg. 6 Wanted/For Sale

*Quote . . .*

"Any attempt to stretch fuel is guaranteed to increase head wind."

## News From The Patch . . .

**John Marquardt** reports from Pine Bluffs (82V) that the fuel system is back up and running. The current price is \$4.20/gal as of 1/29/20  
Thanks John.

**Ron Kempka** "Went West" the end of January in Bakersfield, CA. There is supposed to be a service later this spring, but I have no details.

Ron was our local expert on the Poly Fiber system for fabric planes and had done seminars on covering planes at EAA AirVenture in Oshkosh for years. He will be missed!

**Dan Glant's** Taylorcraft project is making progress as Jack Terrell has the toe brakes installed. Dan will have a more detailed article on this restoration project in a later newsletter.

## Other Business . . .

### Dues

EAA Chapter 342 dues are \$25.00 and payable in January. You can either pay at the next meeting or mail them to

EAA Chapter 342  
3672 Aviator Court  
Cheyenne, WY 82009

Still the best bargain around at \$25 / year.

## More Contributors Needed

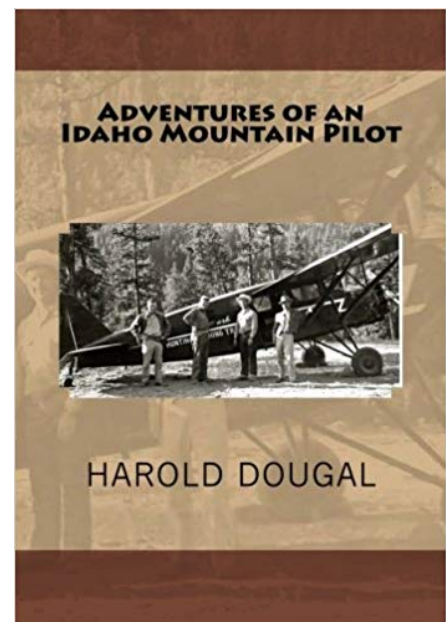

What projects are you working on?  
Where have you been?  
What tips can you provide?  
Are you looking to buy or sell?  
Something very interesting!

Share your thoughts, photos, article. Send to  
[ea342sewyo@gmail.com](mailto:ea342sewyo@gmail.com)

## Good Reads . . .

"Adventures of an Idaho  
Mountain Pilot"  
by Capt. Harold Dougal

True stories good times, bad  
times, funny times, and sad times  
- from over 50 years of back-  
country flying.

It may be purchased online at  
Amazon or call 208-343-9359

Thanks, Joe Mufdi for submitting!

# Photos Shared . . .

Wyoming State Hangar Tour . . .  
thanks, Kory!

Camera mount and sliding opening in Caravan.

## Photos Shared . . . continued

Two Taylorcrafts BC12D make one.  
A 1941 donor on left and a 1946  
recipient on the right.

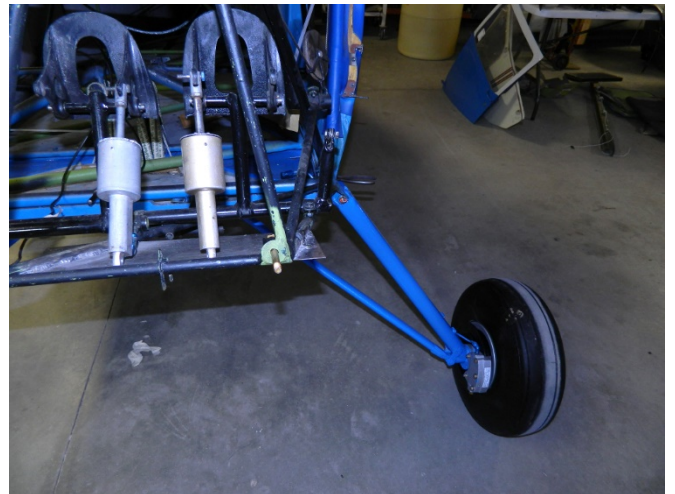

Conversion to toe brakes. New Grove  
brakes with masters cylinders.

Rebuilt 85HP Continental.

Welding in supports to use the very  
nice 1941 instrument panel.

Dan Glandt's Taylorcraft . . .  
thanks, Jack!

**I'M CONFUSED!  
WHAT ABOUT YOU?**

## WANTED TO BUY

Interested in buying an airplane to use here [Cheyenne]. Since there is no hangar space available on the field [Skyview] and I don't have a hanger or anywhere to store a plane on my property (one block away) I'm looking for an Experimental or E-LSA that is 2 place and has folding wings.

Please contact Joe Thorn
