

Starry Night Over Red Stick Coloring Book

The Red Stick Project
Taking the Arts to the Streets

The Red Stick Project

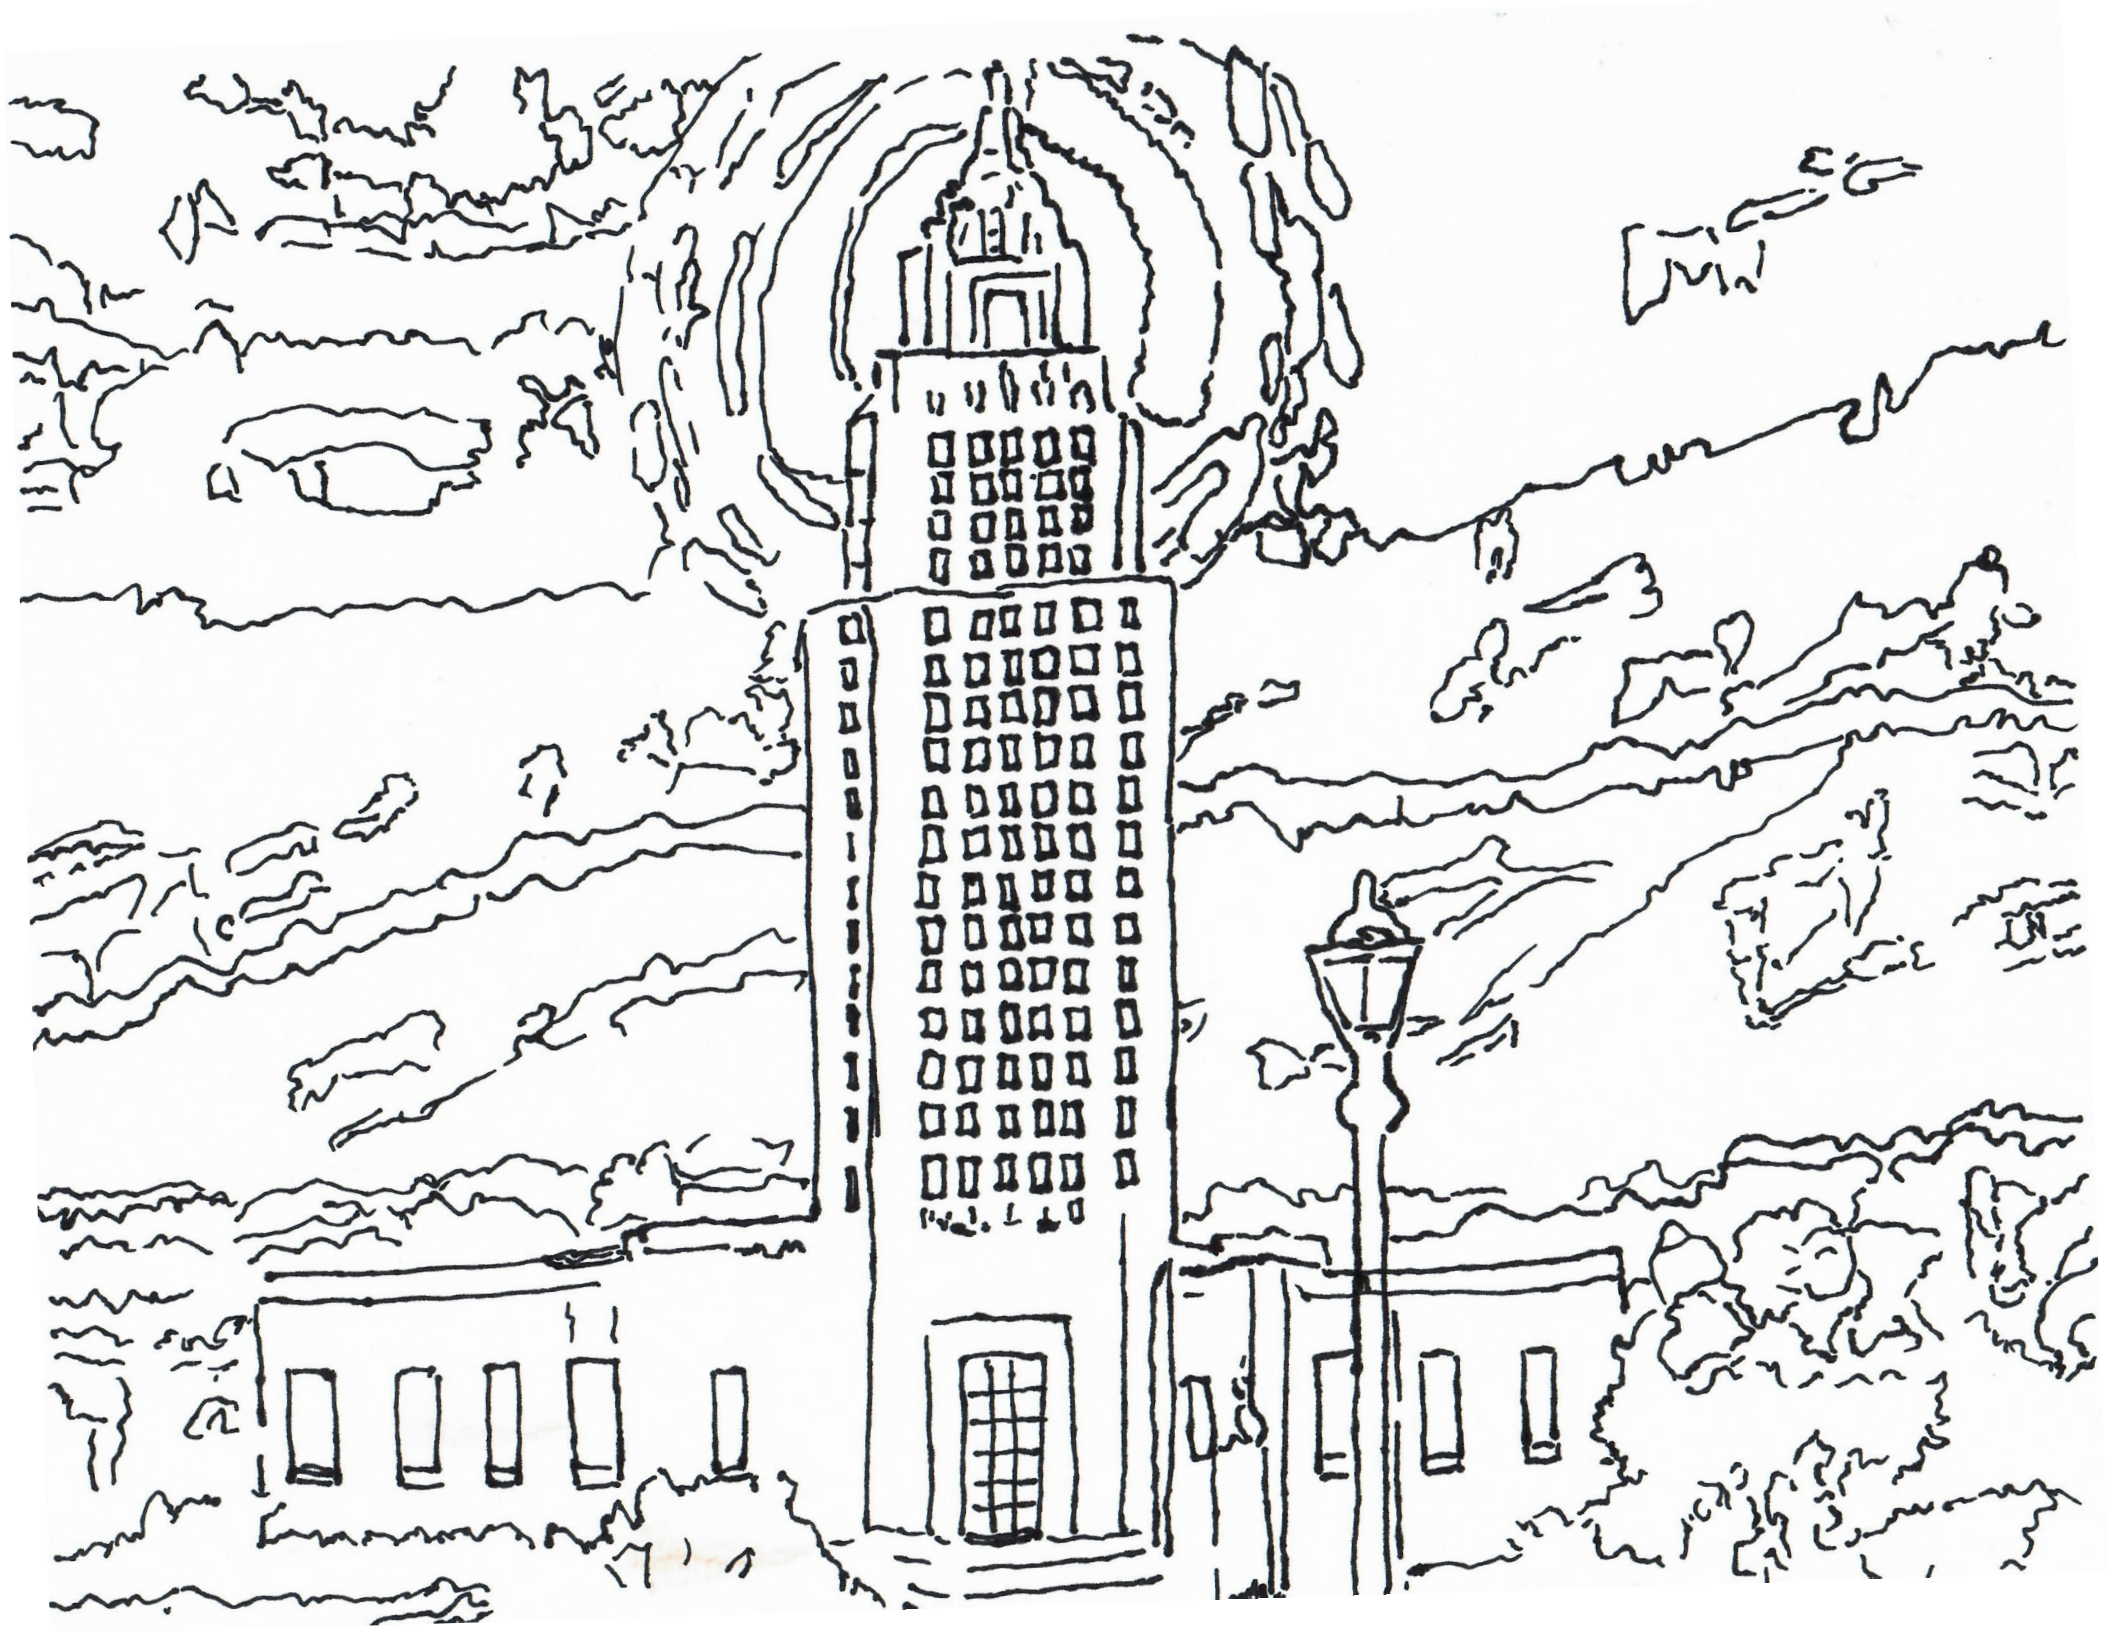

A Steam Based Workforce and Community Development Corporation

Explore Art and Science with a child through the Van Gogh style coloring pages of "Starry Night Over Red Stick." It's our local version of Vincent van Gogh's original Starry Night. Imagination and Astronomy draws young artists and future scientists to travel through Van Gogh's star gazing view of the eastern sky. Weather patterns, Venus, the Crescent Moon and constellations like Aries, Capella, Cassiopeia and Pegasus light up the sky in Starry Night. Van Gogh was very interested in Science in general and an exact observer of the night sky.

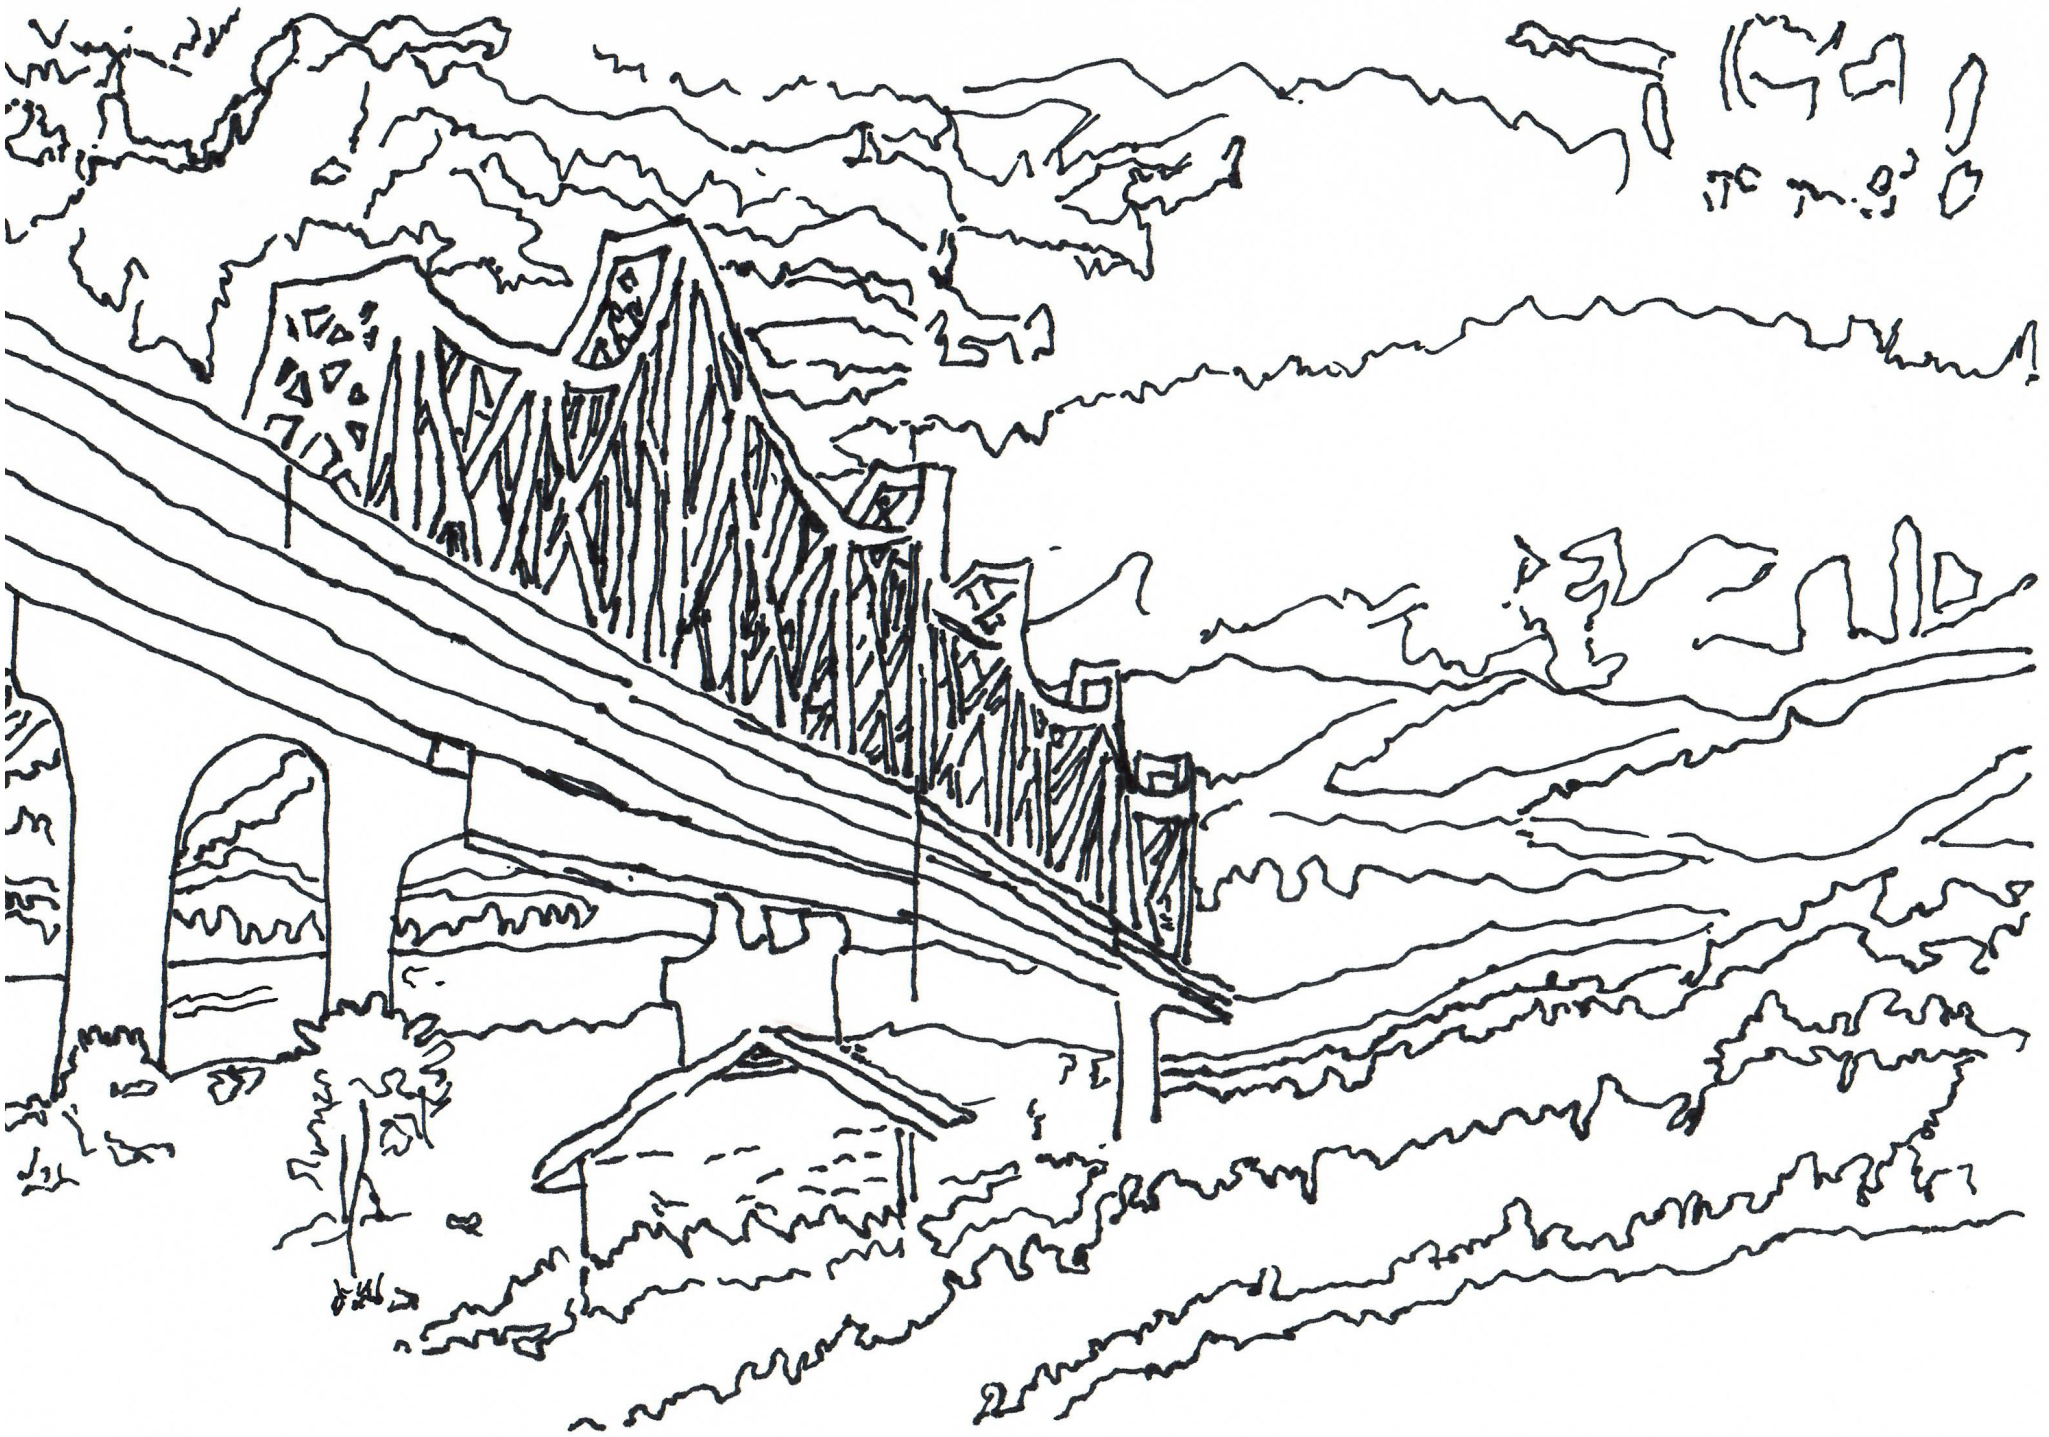

The public art concept was produced by **Evelyn Ware** with neighborhood **S.T.A.R.S.** camp kids at BREC led by Arts Integration Specialist, **Fannie Brown**. A local artist, **Elliott Guillory** painted the mural on the activity center wall at BREC Saia Park, 855 N. Donmoor Ave. Baton Rouge, LA in 2014. It includes the original Starry Night, well known Capital City landmarks and neighborhood historians of Melrose East walking streets that have historical artists' names like Van Gogh, Renoir, Monet, Cezanne and 4 more. Some of the coloring pages were drawn by the self-proclaimed

"Coloring Book Club" led by Art Teacher, **Cynthia Oby** at Mentorship STEAM Academy.

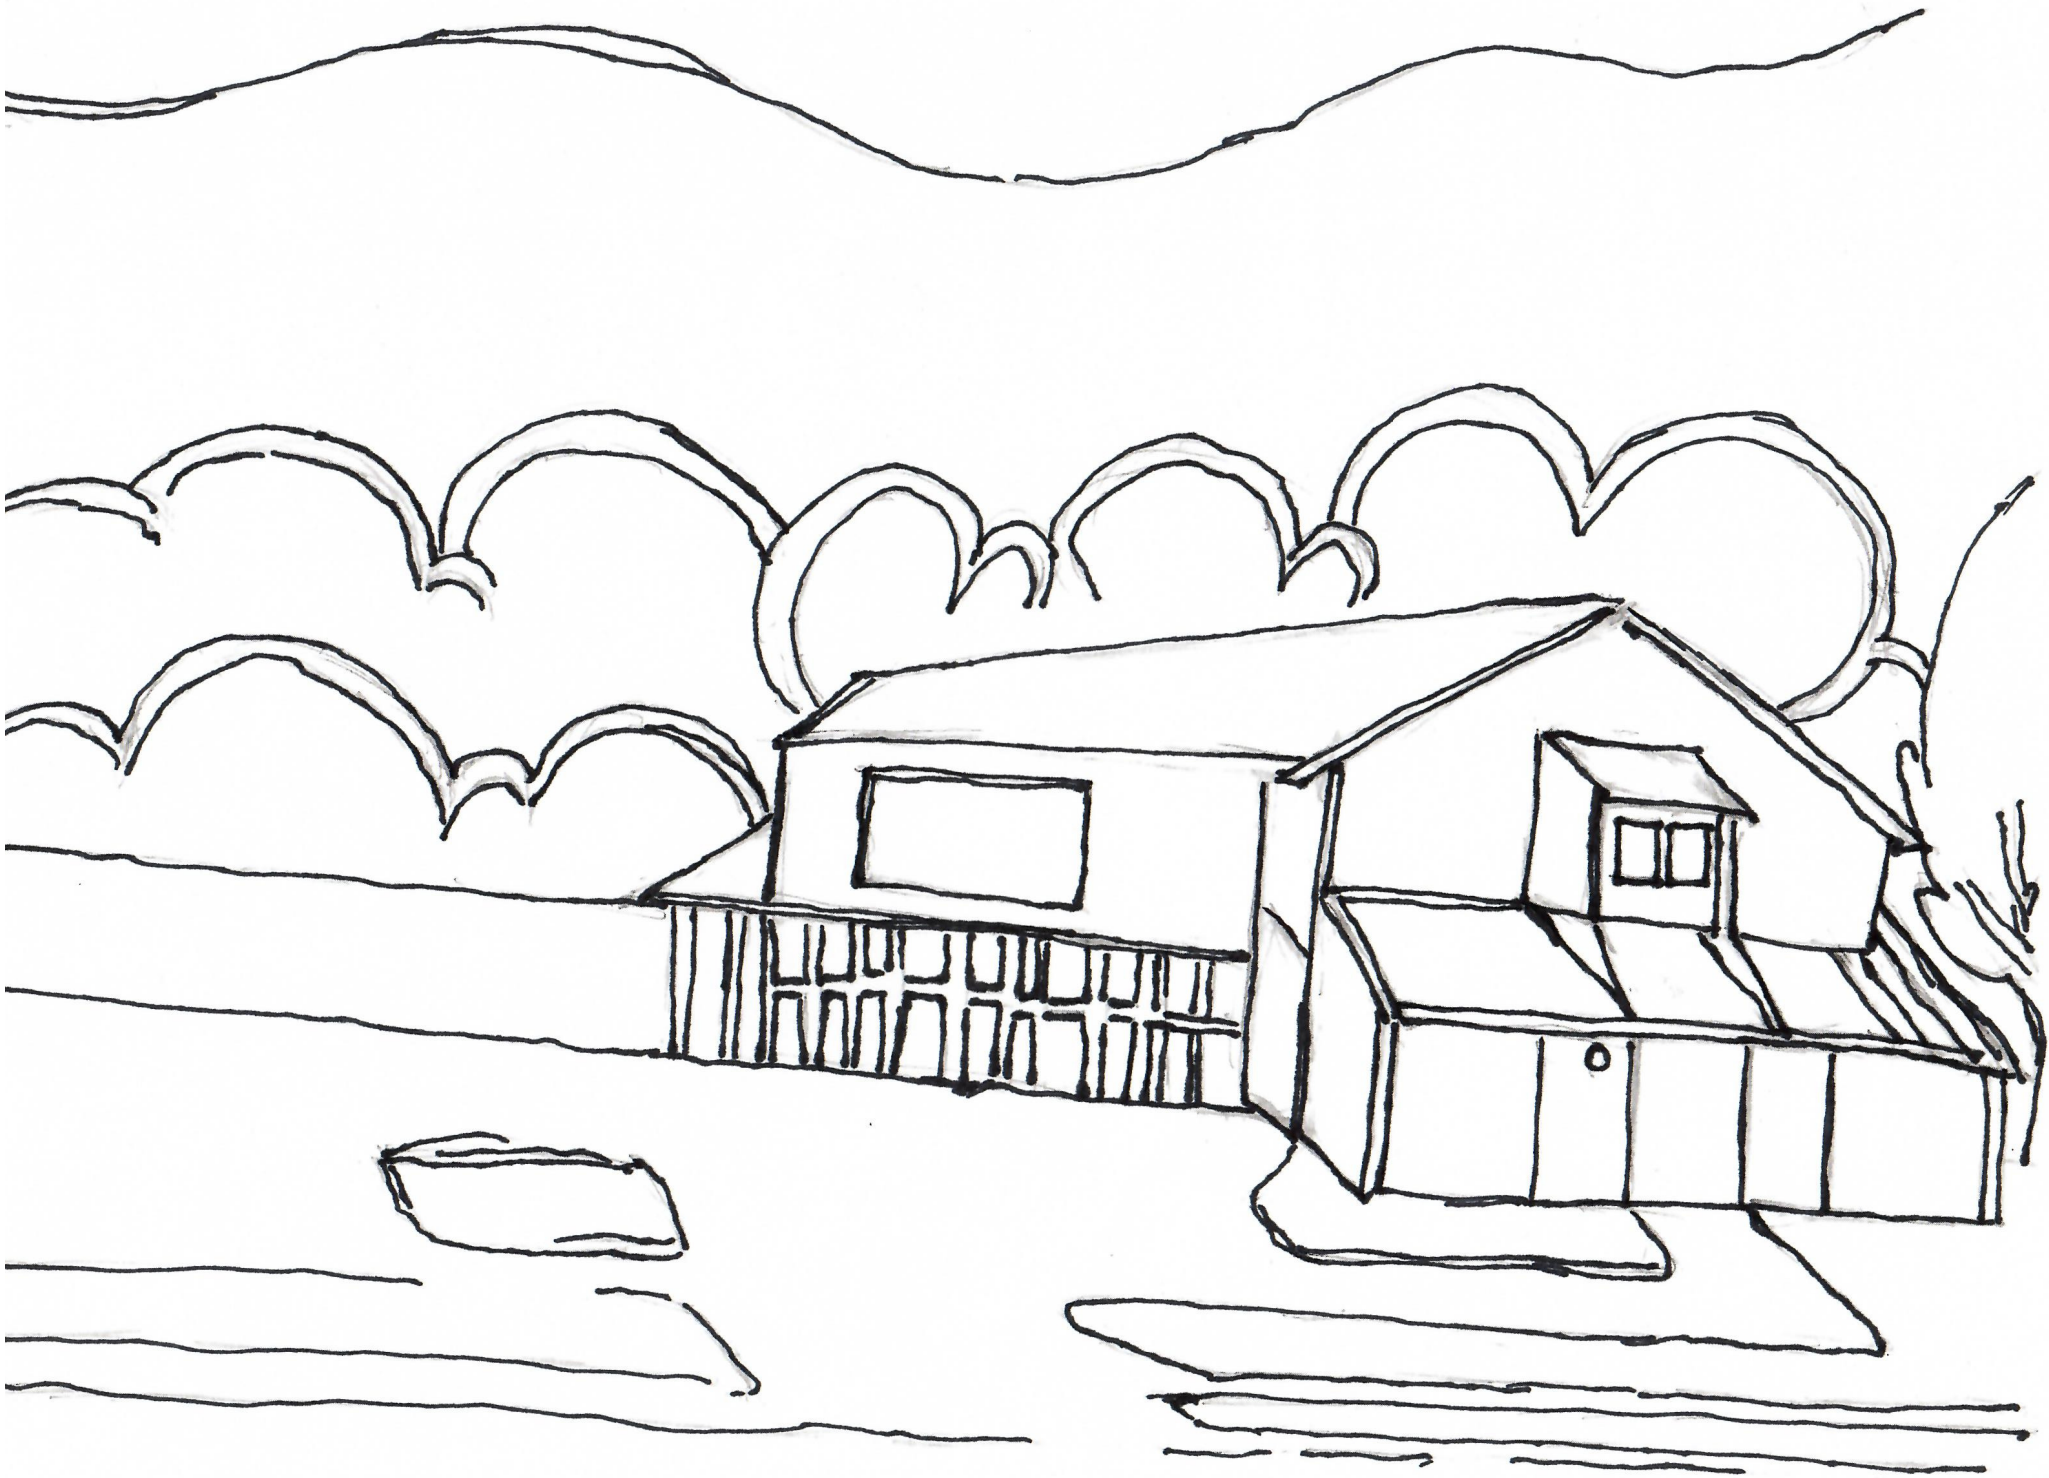

The Red Stick Project celebrates nearly 10 years of STEAM based workforce and community development programming. We are so grateful for collaborating organizations and we proudly list some on the back cover. Touch ups to this neighborhood landmark is funded in part by a Community Development Block Grant (CDBG) through the **Office of Community Development and Build Baton Rouge**. The grant provides for supplies for the project only. Any donations offered for this coloring book will help us match the CDBG and cover any other costs. For more information about participation or donations contact redstickarts@gmail.com or visit www.RedStickProject.org
