### **GODFATHER BOMB**

#### **Godfather Bomb**

The Godfather is all powerful, at the top of the food chain and when it comes to marijuana, this is true with Godfather Bomb, with such high THC content there is no messing around... this strain deserves your attention and respect. Godfather Bomb is not to be taken lightly, she will have even veteran smokers' eyes red and body tingling. Even light use will set a deep-seated body stone in place rapidly, which will spread throughout your body and soon have you in a heavy-lidded stupor. But you'll be smiling all the while! If you want to take on a truly mind and body melting strain that is tasty to smoke, then give the Godfather a try, you won't be sorry.

Godfather Bomb helps with:

- Insomnia
- Pain
- Stress
