SIERRA COUNTY EMERGENCY PREPAREDNESS

Sierra County Health and Human Services has been working extensively on finding ways to help our residents in an emergency. We have two programs available now that may be able to help you or someone you love.

Sierra County Medically Fragile Registry: is a registry of people with special needs who might need help in an emergency, whether it be a medical condition, disability, or old age. In case of fire, flood, earthquake or other disaster, Human Services will try to provide medical shelter and transportation. Register by filling out the form found in the post office, on the county website under Health, or call 530-993-6737. *You are responsible for paying all shelter, ambulance or other medical transportation costs. Sierra County will not pay for these services.*

Disaster Healthcare Volunteers: are medical professionals who want to help our community in the event of a disaster by practicing their profession or skill. They will be registered in our secure online system and can be automatically notified in case of a disaster in our community, or wherever they wish to help. Register by visiting **www.healthcarevolunteers.ca.gov**

Whether you might need help or want to help, these are some wonderful opportunities for the people of our community. Emergencies can be physically and emotionally difficult, the more prepared we are ahead of time, the better we are able to deal with them. Please consider whether any of these programs are right for you and
Help Us Help You In An Emergency!

Registering is completely voluntary. For more information call 530-993-6737

PREPARACION PARA EMERGENCIAS

Sierra County Health and Human Services ha tratado con diligencia a mejorar nuestras maneras de responder a las emergencias de nuestros residentes. Tenemos dos programas disponibles ahora que pueden ayudarle o alguien que le quiere.

El registro de las personas frágiles médicamente: es un registro de personas con necesidades especiales quienes podrían necesitar ayuda en caso de emergencia, sea una condición médica, una discapacidad, o la vejez. En caso de incendio, inundación, terremoto, u otro desastre, la Agencia Human Services intentará a proporcionar refugio médico y transporte. Inscríbase por rellenar el formulario que se encuentra en la oficina de correos, en el sitio web del condado bajo Health, o por telefonar 530-993-6737. Ud. mismo es responsable por pagar todos los costos del refugio, ambulancia, u otros costos de transporte médico. El condado de Sierra no pagará por estos servicios.

Voluntarios de atención sanitaria en caso de desastre: son profesionales médicos que quieren ayudar nuestra comunidad en caso de una catástrofe por ejercer su profesión o destreza. Se inscribirán en nuestra sistema en línea segura y ellos recibirán notificación automáticamente en caso de desastre en nuestra comunidad, o donde sea quieren ayudar. Inscríbase a www.healthcarevolunteers.ca.gov

No importa que podría necesitar ayuda o podría ayudar, estas son unas oportunidades buenas para la gente de nuestra comunidad. Las emergencias pueden ser dificultosos físicamente y emocionalmente, pero lo más preparados estamos antes de tiempo, lo más podríamos hacer frente a ellos. Favor de contemplar la posibilidad de aprovecharse de uno de estos programas
¡Ayúdanos A Ayudarles En Una Emergencia!

Inscribirse es completamente voluntario. Para más información llame a 530-993-6737.

Lab Draws: Blood for lab work is done in the main hospital building in Loyalton (700 third Street) on Mondays and Wednesdays, from 8:30am-12:00pm, so patients can avoid driving to Portola or Reno for routine lab tests. Our staff transports them to Portola for processing. We process the majority of all tests ordered for any of our patients in Portola.

Loyalton Skilled Nursing Facility

700 Third Street
Loyalton, CA 96118
Phone: 530-993-1225 Fax: 530-993-4528

- Licensed for 30 beds
- Personal care and activities
- Visitors/ Entertainment /Outings/Spiritual enrichment, if desired
- Pet Therapy
- Speech and Physical therapy, for those patients who qualify

In addition to long term care services, they provide therapies and rehabs for post surgical patients. People who perhaps had a hip replacement or other types of surgery can recover and get their physical therapy in Loyalton instead of staying in Reno.

STUDENT ASSISTANCE PROGRAM

Student Assistance Programs (SAP) are school based approach to providing focused services to students needing interventions for substance abuse, mental health, academic, emotional, or social issues. They are a process-not a curriculum or treatment center, that connects education, programs, and services with and across school and community systems to create a network of support to help students. As a process, SAPs identify troubled students, assess students' needs, and education so that a student may achieve academically.

Programa de Reducción del Uso de Tabaco del Condado de Sierra

Educación sobre el cese de tabaco

1

Los beneficios para la salud al dejar de fumar:

20 minutos después de dejar su pulso viene a volver a lo normal.

12 horas después de dejar la cantidad de monóxido de carbono en la sangre comienza a descender.

2 semanas a 3 meses después de dejar su riesgo de infarto comienza a disminuir.. Los pulmones comienzan a funcionar mejor.

1 a 9 meses después de dejar la tos y la falta de aliento se bajan.

1 año después de dejar su riesgo de la enfermedad cardíaca es reducido por la mitad.

5 años después de dejar su riesgo de derrame cerebral es reducido igual a una persona que nunca ha fumado.

10 años después de dejar su mortalidad de cáncer de pulmón es la mitad de un fumador. Su riesgo de cáncer de boca, garganta, esófago, vesícula, riñón, y páncreas disminuyen.

15 años después de dejar su riesgo de la enfermedad cardíaca está como si usted nunca ha fumado.

Sierra County Tobacco Use Reduction Program

Tobacco Education and Cessation

Health benefits over time when smokers quit:

20 Minutes after quitting your heart rate drops.

12 Hours after quitting the amount of carbon monoxide in your blood drops to normal.

2 weeks to 3 months after quitting your heart attack risk begins to drop. Your lungs begin to work better.

1 to 9 months after quitting your coughing and shortness of breath decreases.

1 year after quitting your risk of heart disease is half that of a smoker's.

5 years after quitting your stroke risk is reduced to that of a nonsmoker's.

10 years after quitting your lung cancer death rate is half of a smoker's. Your risk of mouth, throat, esophagus, bladder, kidney, and pancreas cancer decreases.

15 years after quitting your risk of heart disease is like you never smoked at all.
